

With the addition of 36 more Growler jets in 2019 at Naval Air Station Whidbey Island, the region has been bombarded.

The number of noise reports in 2021 exceeds the number reported in 2020 by 50%. As for the first eight months of the year, January/August 2022 reports are 35% higher than those reported in 2021.

Jet Noise Report July – August 2022

FINALLY!

August 2, 2022. Judge Jones adopted, in full, the Report and Recommendation provided by Magistrate Creatura in December 2021. That report was the result of a National Environmental Policy Act (NEPA) challenge brought by the plaintiffs—the State of Washington and Citizens of Ebey’s Reserve (COER) and Paula Spina—against the United States Department of the Navy.

Judge Jones made no changes to the magistrate’s recommendations. His December report had admonished the Navy’s Environmental Impact Statement (EIS):

Here, despite a gargantuan administrative record, covering nearly 200,000 pages of studies, reports, comments, and the like, the Navy selected methods of evaluating the data that supported its goal of increasing Growler operations. The Navy did this at the expense of the public and the environment, turning a blind eye to data that would not support this intended result. Or, to borrow the words of noted sports analyst Vin Scully, the Navy appears to have used certain statistics “much like a drunk uses a lamppost: for support, not illumination.”

[tinyurl.com/2p82ypat](https://sites.libsyn.com/431445)

Energy, pollution, climate change! Did you know that 14 Priuses driving across the country produce the amount of CO2 that one Growler jet produces in a single hour of flight? For more about the effect of the Navy’s growler operations listen to these podcasts: <https://sites.libsyn.com/431445>

Forks - so loud and prolonged circling that I couldn’t carry on a conversation on my landline inside my house! And the jets are continuing to circle.

Over Camano Island west heading east above Triangle Cove. Shaking the house, dogs exit deck and come inside house.

97 dB per dB X Pro app. Flight W to E, 100’ over house.

9pm and there is awful deep , shaking thunder vibrating the south side of my Anacortes home. War sounds - so many nights. Creepy and unsettling

10:56pm. July 21. Jet noise roaring fills the skies and fills my bedroom. Whidbey active at this time of night. Atrocious. Sadly, this is not unusual behavior. S. Lopez.

Mount Vernon. For about the last 20 minutes, it's sounded like a mega-volcano was erupting during a massive thunderstorm. This level of low frequently noise should not be permitted in populated areas. Indoors with earplugs but I can *FEEL IT*

Camping in deception pass state park. Extremely busy holiday time with tons of families camping. All day long these jets have been tearing through the sky. It’s after 9pm and my kid can’t sleep because they’re exploding the damn atmosphere above!

Kayaking in Port Susan with 2 Grandsons. Oldest one 8 years old looked at me worried and yelled “Nana are we safe?” The truth is...none of us are safe from the damage these planes are doing to us.

ALL Comments begin on Page 12.

Report excessive jet noise:

<https://www.quietskies.info/access-the-county-report-site>

**Listen to the jet noise
that we hear in our region:**

<https://sounddefensealliance.org/growler-videos-audio/>

The Navy dismisses noise data:

https://f4be68e4-2f42-4ce8-b4c0-6fb1e95c8ac6.filesusr.com/ugd/f9226a_2de6debbab2a4dfd822451c6f6a3a75b.pdf

“Regardless of whether or not you support the Navy’s mission or its expanding presence in our public lands, waters, communities, and in the airspace above us, it’s good to take a rational look at how we came to have an electronic warfare range for the loudest jets on the planet over the quietest national park in the Lower 48.” Read this report: <https://rainshadownorthwest.com/2021/11/01/the-loudest-jets-in-the-quietest-park/>

INSIDE THIS REPORT:

- ✚ Monthly Comparisons**
- ✚ Reports by Type of Noise**
- ✚ Reports by Day**
- ✚ Noise by Time of Day**
- ✚ Annual Comparisons**
- ✚ Maps of Report Locations**
- ✚ Comments submitted with each report, revealing human impacts**

Since 2015 an increasing number of jet noise reports are reported by residents of the Salish Sea region, using the San Juan County Aircraft Noise Reporting Website. This document provides data broken out by reports generated inside San Juan County and outside.

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

gis.sanjuanco.com/aircraft-noise-reporting

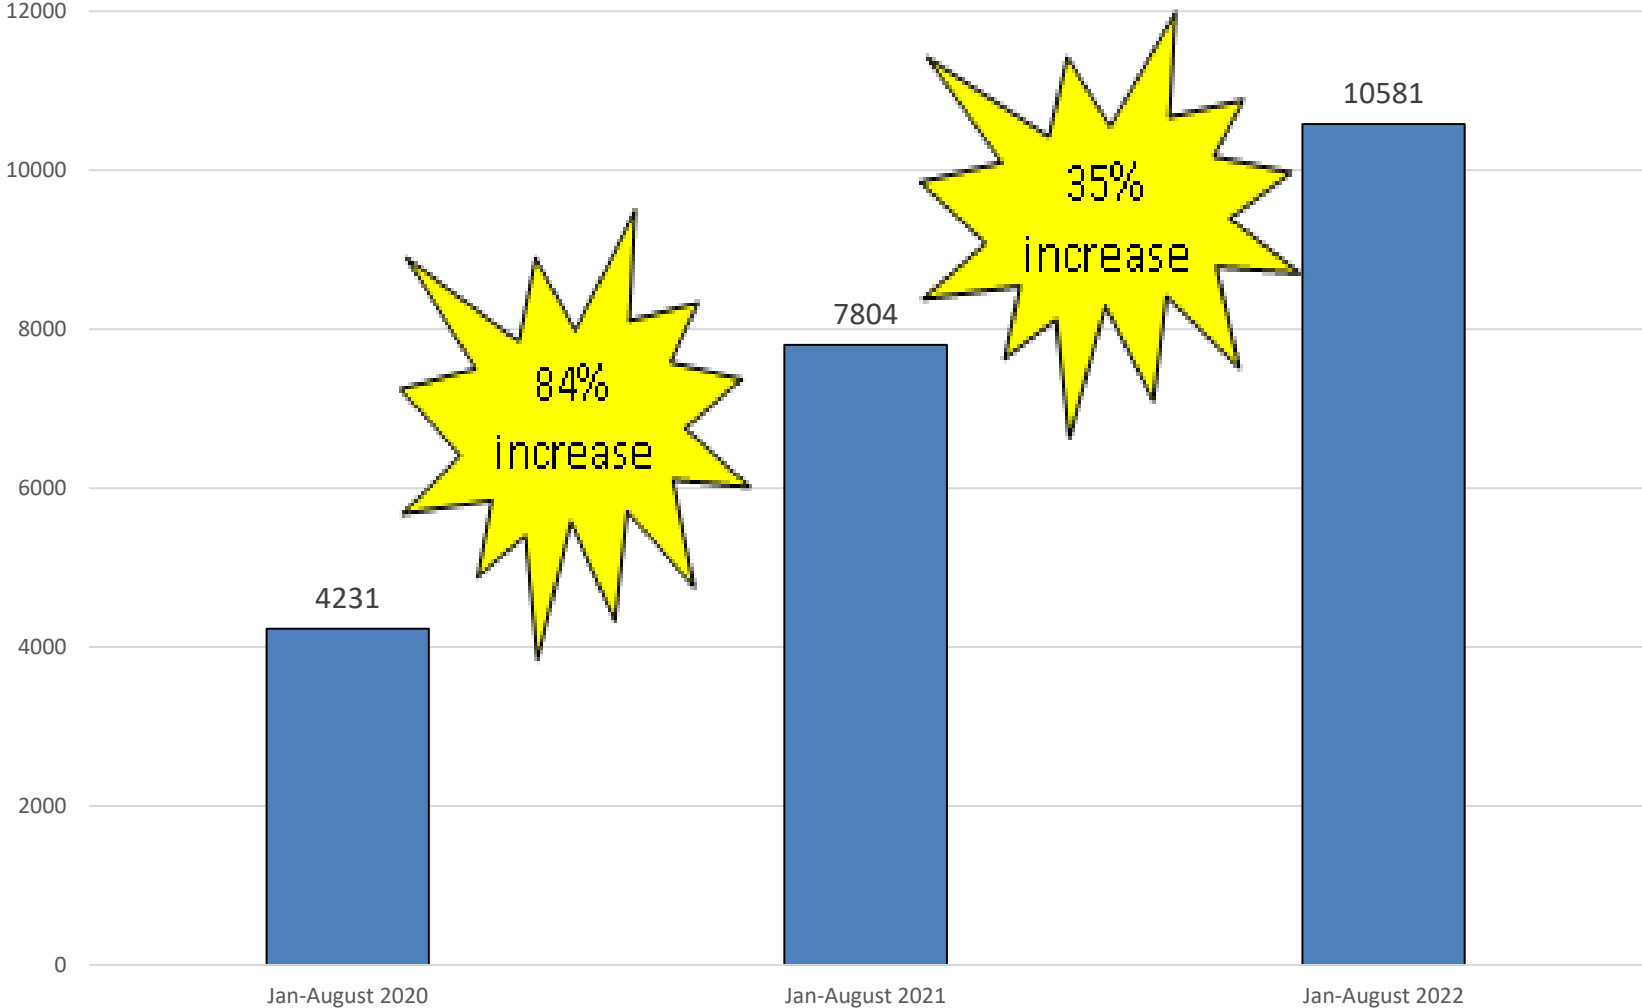

In October, 2019, permission was given for people outside of San Juan County to use this noise reporting website. We are seeing an increasing number of reports from the wider region. This report is compiled by Quiet Skies:

Comparison of Jet Noise Reports First Eight Months of the Year 2020-2022

Jet Noise Reports by Location July - August 2022

In 2019 the noise report website expanded beyond San Juan County. With difference in flight paths and population it's not surprising that communities such as Whidbey Island are making more noise reports than San Juan County. The map on page 10 indicates the impact of the Growlers is felt throughout San Juan, Island, Skagit, Jefferson and Clallam Counties.

Jet Noise Reports by Type of Noise July, August 2022 **INSIDE** San Juan County

Jet Noise Reports by Type of Noise July, August 2022 **OUTSIDE** San Juan County

**Jet Noise Reports, By Day
July, August 2022
INSIDE San Juan County**

**Jet Noise Reports, By Day
July, August 2022
OUTSIDE San Juan County**

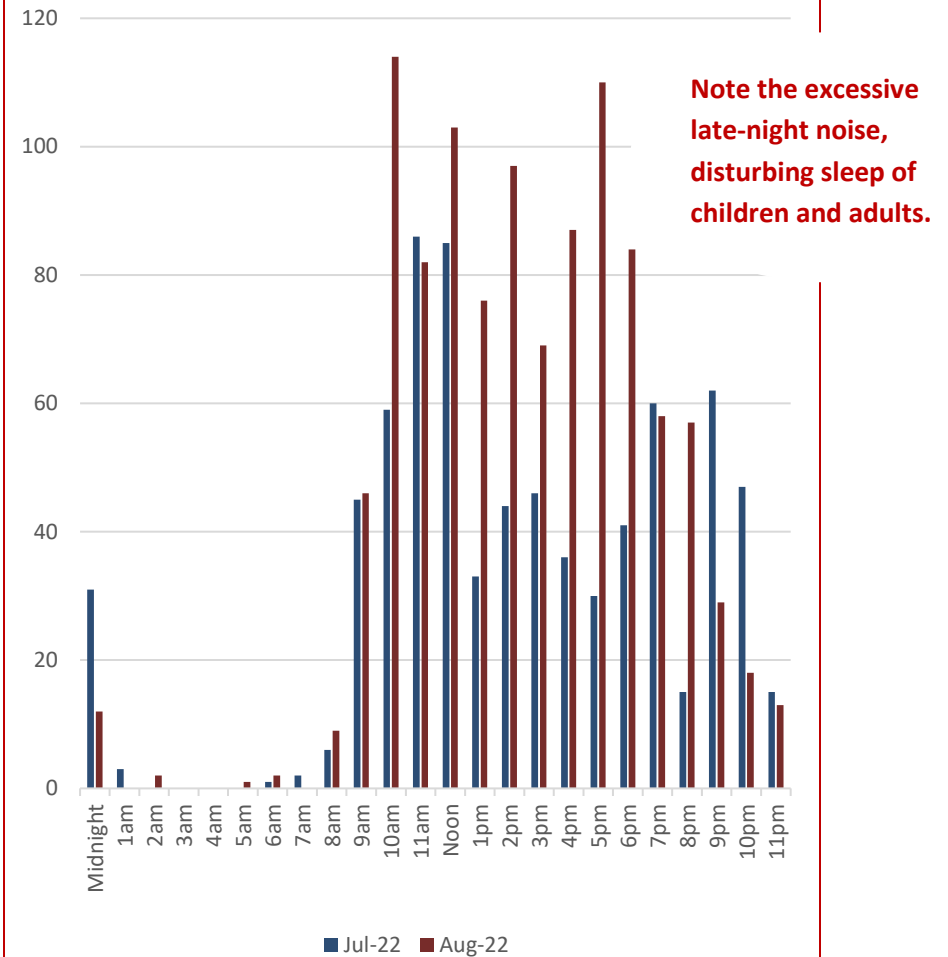

Note the variation in noise experienced by month, day and location. The Navy persists in using “annual noise averaging,” significantly underestimating the impact of jet noise. There is no "average" noise felt by residents in this region. The noise is variable and unpredictable.

**Jet Noise Reports by Hour of the Day
July - August, 2022
INSIDE San Juan County**

**Jet Noise Reports by Hour of the Day
July - August, 2022
OUTSIDE San Juan County**

For example, submissions that report noise 11:00 am through 11:59am are clustered in the 11 o'clock hour.

Note the variation in noise experienced during the day and night and in different locations. The Navy persists in using “annual noise averaging,” significantly underestimating the impact of jet noise. There is no “average” noise felt by residents in this region. The noise is variable and unpredictable.

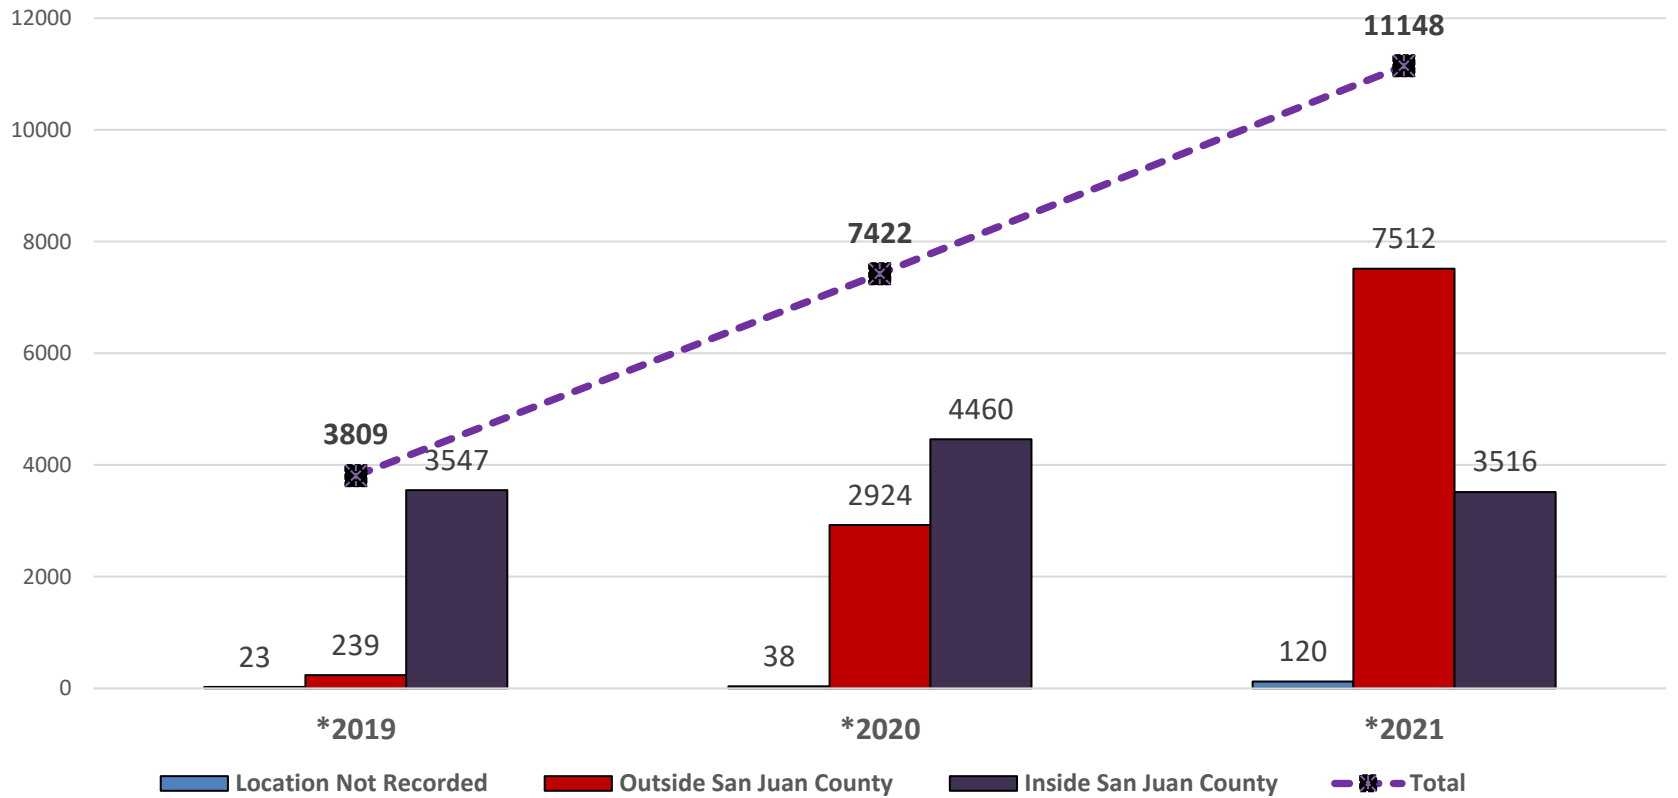

Jet Noise Reports - All Locations 2015 - 2021

This chart provides some background to the history of noise reporting.

Jet noise reporting began in 2014 when San Juan County implemented a website for reporting jet noise. Data collection began in 2015. In the Fall, 2019, access was expanded to people outside of San Juan County enabling them to enter jet noise reports with the result that the number of noise reports is increasing, as has the number of aircraft at NASWI. This chart provides the simple totals of all noise reports in the database since 2015 through 2021.

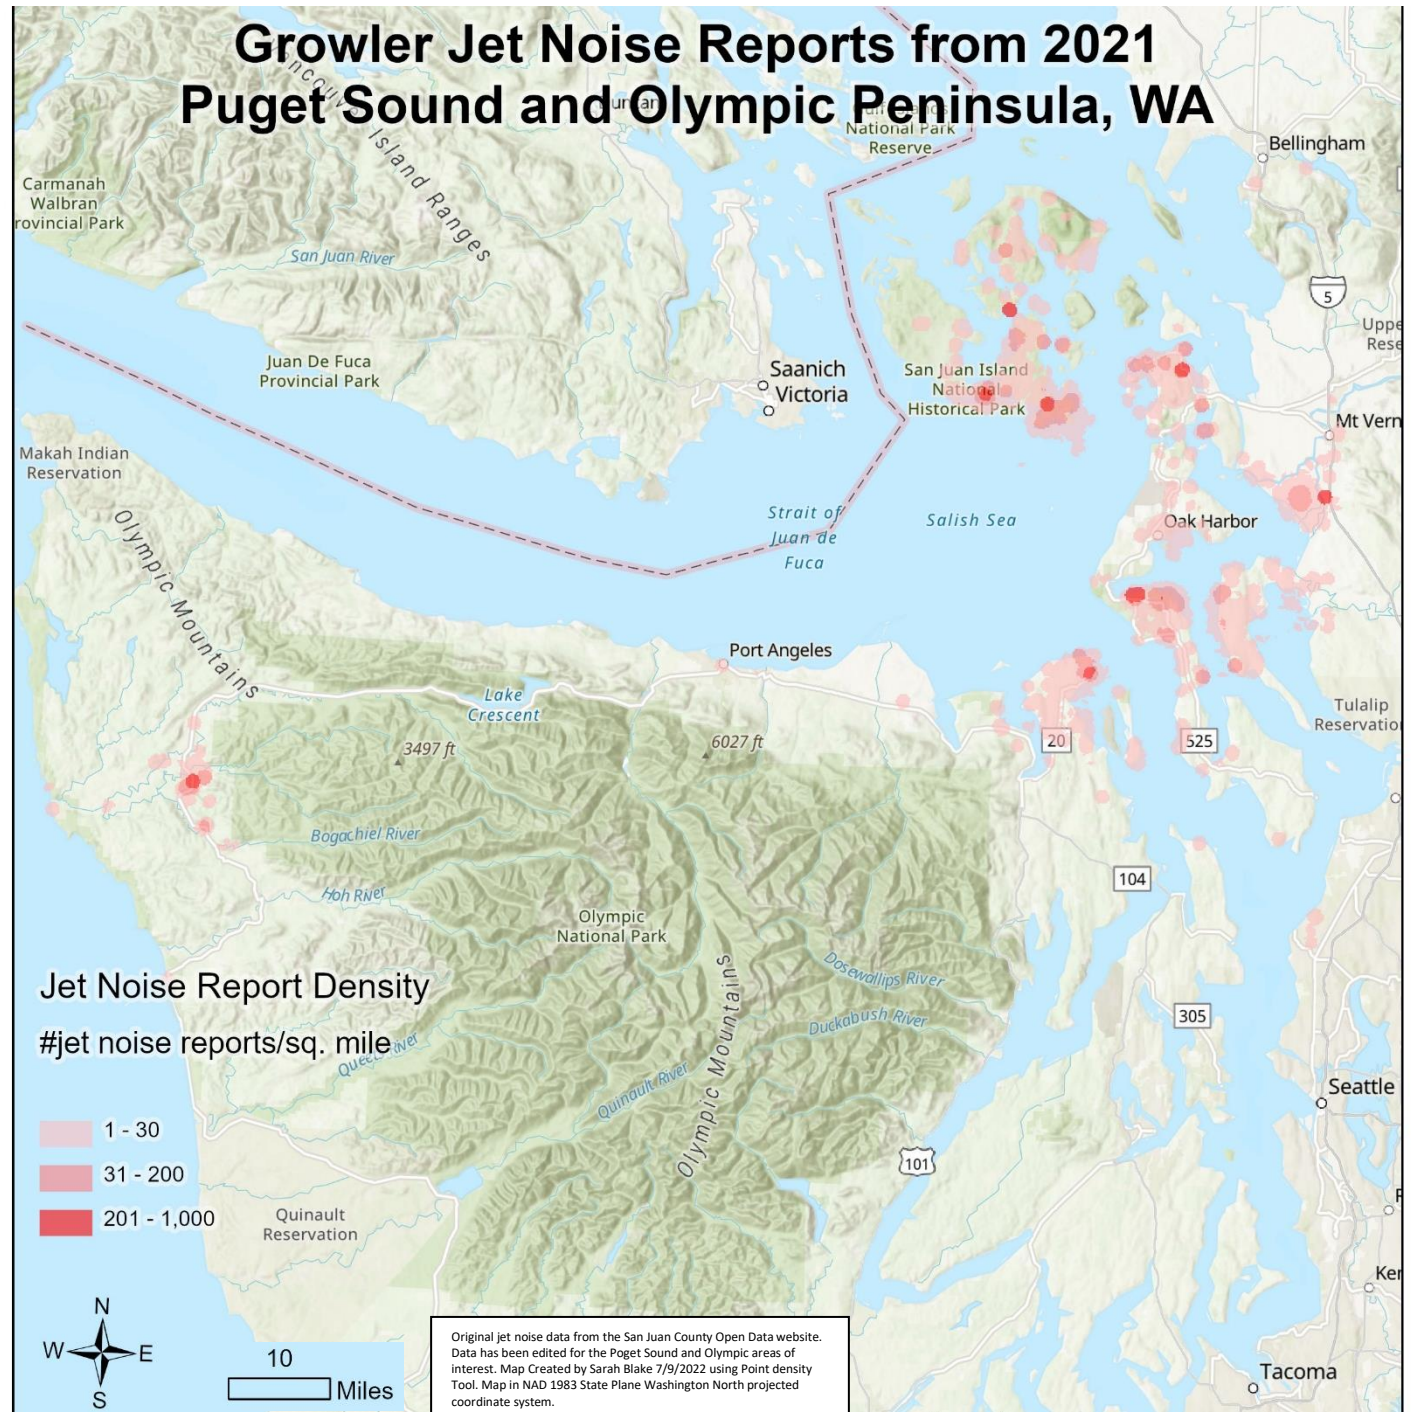

Comparing Jet Noise Reports by Location 2019, 2020, 2021

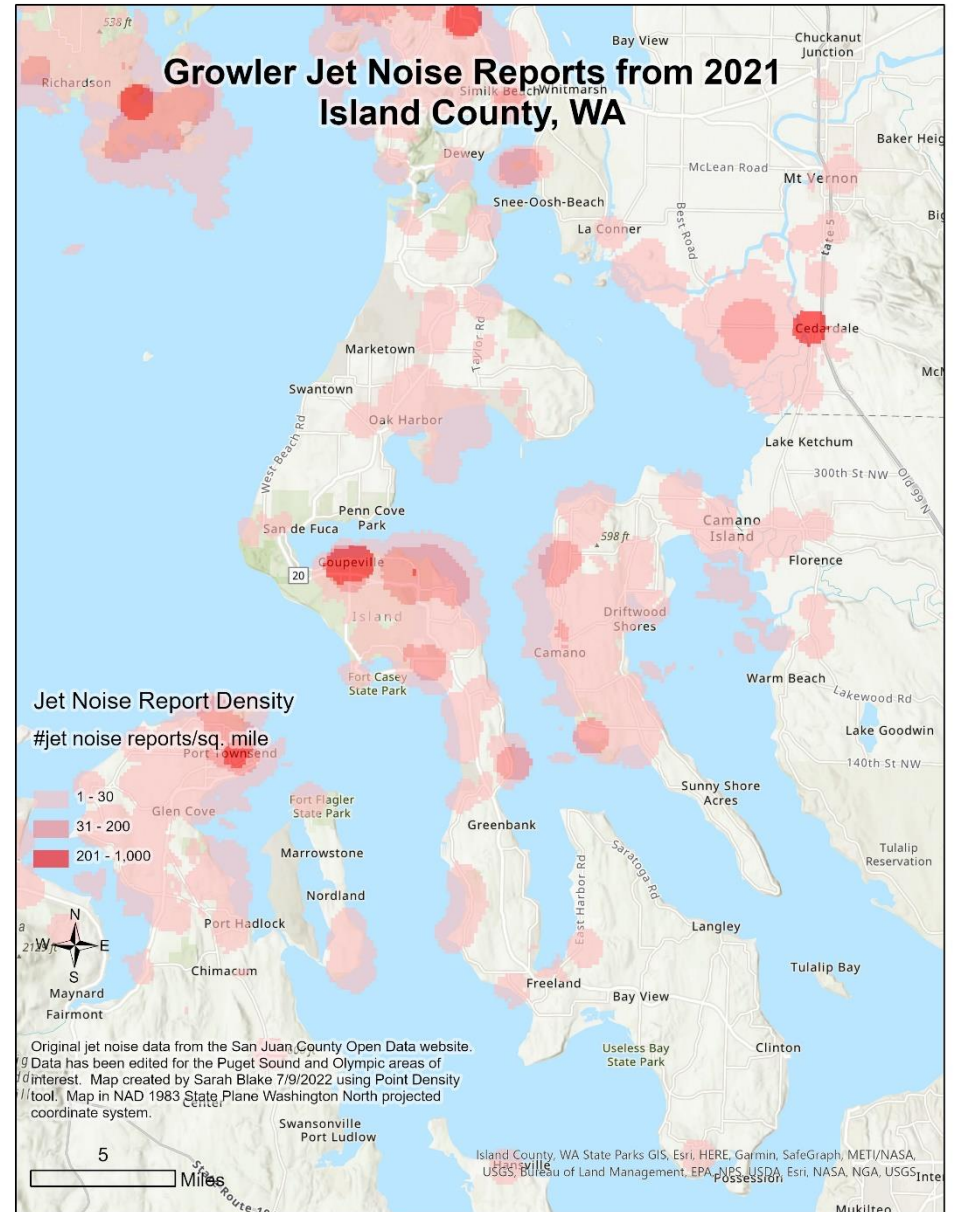

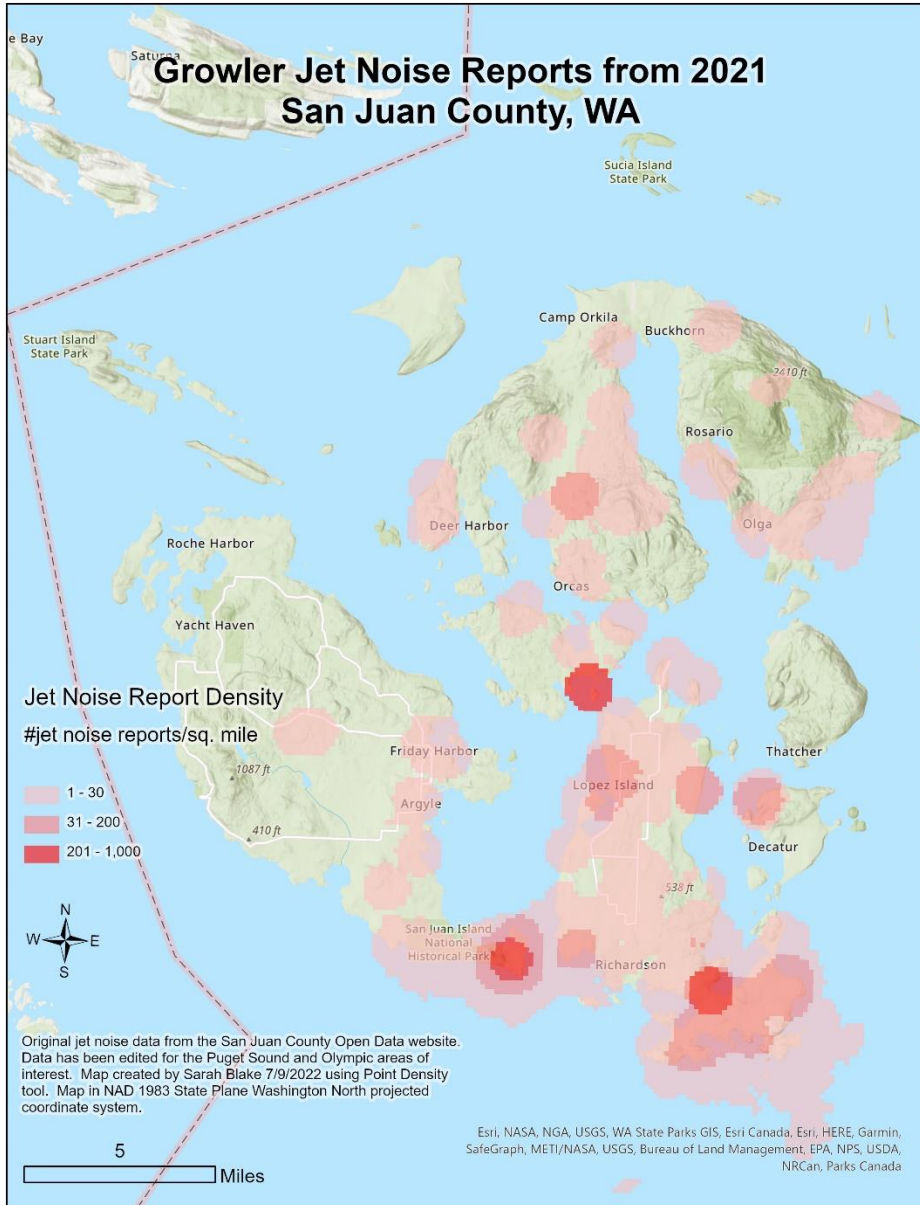

In 2019 the noise report website expanded beyond San Juan County. With difference in flight paths and population it's not surprising that communities such as Whidbey Island are making more noise reports than San Juan County. The map on page 10 indicates the impact of the Growlers is felt throughout San Juan, Island, Skagit, Jefferson and Clallam Counties.

The following three “Heat Maps” use color variation to show the intensity of jet noise reports. The first map is of the larger region and includes the Olympic Peninsula. The next two focus on San Juan County, and then Island County.

These maps are based on data for all of 2021; 11,148 reports.

Comments Submitted with July and August 2022 Reports

NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB. How would you like to have that running inside your home? Noise over 70 dB for a prolonged period of time is harmful to your ears and can cause permanent hearing damage. Noise over 120 dB can cause immediate harm to your ears.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted/modified, as are expletives. Some reports do not include comments.

It's 1 AM!!!!!! Still horrid thunder and vibrations washing over my house in Anacortes- took the noise canceling headphones off too soon! Unpleasant and unhealthy here. Insane and unconscionable for people farther south.

Jet noise continues constantly. It is 1am and I have important calls first thing in the morning. No sleep tonight. War zone on civilians. F*** the Navy

This is harassment "

House is shaking! Yet it was built to withstand 150 mph winds! Rick Larsen needs to stop protecting the Navy in the interest of National defense and pay attention to our defense!

81.6 dBs inside house. Windows closed.

Incredibly loud military jet noise all morning and into this afternoon. I was teaching this morning and had to stop speaking several times because the noise was so loud and my students couldn't hear me. Horrific levels of noise, incredibly stressful.

Forks This time clearly visible and low height meant my iPhone captured it! Gotcha! Too low and over town! Stopped conversation. Need to fly over the desert or ocean, not populated areas.

Sounds like multiple jets, ongoing for several minutes. Loud, inside with windows closed.

Really loud growlers running up their engines SE Lopez, 20 July 22, 12:18pm, Wed: Huge window rattling, Noisy Overflight - again! 85.7 decibels. visitors from Seattle asked " Why is this allowed to happen?" What a fine question for Rep Larsen and Sen Patti Murray.

It has not been eight hours since they finally stopped last night ! 😞 we have family coming during the week and the child that is coming experiences sensory issues. If the flying is keeping with this week then we will have them stay elsewhere.

Trying to enjoy time in laconner but the growlers are making that impossible

Long , loud jet noise. Can always tell it's a growler by how long the noise lasts and loud the noise is.

Utterly ridiculous to be flying these loud jets at this time of night. This is the exact reason these jets need to be moved. Your lack of respect for the residents of Washington state comes through clearly by this disruption at this time of night.

Very loud 2 aircraft disrupting sleep. I have on white noise - it cut through and shook house

Forks - so loud and prolonged circling that I couldn't carry on a conversation on my landline inside my house! And the jets are continuing to circle.

Forks Low and loud, arriving for more noise harassment for today....not even able to enjoy nature sounds on the drizzly morning...two minutes later, and I still hear the rumbling roar!

Annoying rumbling all afternoon - and now all night. We had to listen to this all evening yesterday - and the day before - and the Navy schedule says we should expect more tomorrow and Friday. Take your loud planes somewhere else please. Growler "Blasting-off" from NASW, now overflying.

Growlers flying low and loud

Growlers starting today's abuse to our eardrums

Growlers starting up and making sure everyone below gets blasted with noise

Heard it from inside the house. Lasted about 5 min. My 2-year old daughter noticed it and stopped doing yoga and tried to look out the window to see what it was.

July 1. Growler screaming over south Lopez.

Loud and low overflights began at 8:00 am and continue to the present.

98229

Loud fly over- probably more than one plane which is often the case.

Loud jet over Mt Vernon. Long roar, deep rumble. Seemed to be heading East. Disruptive. Still rumbling.

Loud noise rumbling through my house. You can feel it in the walls and floors. Woke me up from sleep. This is hell.

Mount Vernon. Just another batch of excessively loud jets going over my house.

Noise is what you get when a growler is flying

Numerous overflights

Over and over and over. please move to North Dakota.

Overflight after overflight after overflight.

SE Lopez, 14 July 22, Thur: Walking on a peaceful morning. . . Silence broken by 85.3 decibels of a low flying Growler SCREAMING overhead.

These jets are just too loud. Can't hear jets taking off from Seatac and we live closer to them than on Lopez. Can't even work from home.

Watmough head

We can hear the growlers starting up for another day in hell

Wtf I can't even go out on my deck in the morning without growlers deafening sound

98239

Navy noise continues. even with windows closed it is a low level dentist drill going on and on. Oh for quiet to rest and released from the noise. sent in many noise reports today, less than a fourth of the number of noise events from Whidbey.

98239

(Forks)

2,3??

98239 Afterburner hell in Coupeville

Over Camano Island west heading east above Triangle Cove. Shaking the house, dogs exit deck and come inside house 98239 Two growlers, double the noise.

Also at 10:25am

Another ear shattering growler flyby

Another low, LOUD, jet screaming over.

Another way too loud for residential area Growler flyby. When is the madness going to stop?

Around Mount Vernon. Maybe. The noise was coming from every direction and I couldn't see the jets. Insanely loud. Nothing this loud should be permitted for anything but emergency use. It's not just disruptive, it's painful.

Arrrrgh!

Come on people are trying to live here. Too damn loud for residential area death to all american warmongers.

Direct flyover

Endless loud jets. Nonstop all day.

extremely loud jet - my child and I had to cover our ears since we were outside at the time

Flight noise

Forks - back with a mighty roar!

Forks - starting as low rumble resembling thunder rolling up the river canyon, expanding to a seemingly low fly over unable to see due to heavy marine air, the have arrived for the day...no peaceful nature sounds.

Forks Extremely loud use of afterburners for war games directly over town and ONP and National Forest. Sounded like three jets. Sound lingered for three minutes.

Frightened livestock and pets. Causing panic with animals

Full afterburner right overhead.

Growler noise off and on ALL morning. Waking to a "thunder-storm" created by the Navy's Growlers, every morning, is very disturbing!

Growlers flying by loudly disrupting our lives

Growlers noise ALL morning long!

Nothing like disrupting a beautiful takeoff and flying to the Olympics

Growlers overflying all morning.

Growlers running up their engines for another day of ear shattering noise

In a ferry in Thatcher Pass when I heard LOUD GROWLER overhead. It's amazing I can hear it inside my car with the engine noise and my radio on!!!

It's always fun when huge planes fly over your house that there is a shadow from your skylights!

Just got word OLF runway will be closed for repairs . The last time everything flew out of NAS we had no peace ... Flying 10 to 12 hours a day ! With 20 minute breaks every two hours ! I feel like screaming and weeping ! All the kids !!!! Expendable!!!

Long lasting loud jet sound. At times rattled the bathroom mirror

Loud low rumble 4th one in 15 minutes!

Loud rumble 10:05, 10:08, kind of on going this morning.

Low constant roaring like jets are circling northwest of my location.

Growlers making more noise than you would think possible

Growlers starting to run up their engines so loudly

Low low flyover. Shock waves

Low overflights. Very distracting.

More growler flights to ruin our summer

More growler noise today. Oh my ears hurt

Mount Vernon. Oh goodie. Another day of hell thanks to a self-righteous Navy.

My god!!!!!!!!!!!!

Off and on flights all morning. Beautiful summer day and can't go outside because of the jets.

One after another.... Looong extremely loud noise events. Per usual.

Overflights very loud

Dangerously loud levels of noise over the parade route. The organizers of the event were praising the flights overhead despite the fact that they were painful. I am so disappointed in this community and the navy, all involved. Frustrating. Harmful.

Overhead

Probably 5th or 6th fly over since 10 o'clock- every 5-10 minutes.

"Rattling windows

Loud sound continued about 2 minutes, slowly faded to low rumble"

"Rumbling up through the floor

Watmough head Lopez. Locator not working"

Same jet. Middle of tourist season and they are trying to understand why all the noise in a paradise. Another jet now coming some opposite direction. So sad

Same jet. Still at afterburner

Dugualla heights oak harbor

Loud

Dugualla heights oak harbor.

Several long, low direct flyovers

Deception Pass. July 26. Out with the family for a special day at Deception Pass. Huge loud jet roar from growler. Thanks for ruining the moment.

"Terrible vibration. Rattling house beams

Watmough head

Locator not working"

Thunderous fly over!!!

Trying to enjoy CAMA beach with children activities but the jets keep acting up north of us.

Very loud, low-frequency energy emissions are more than annoying, they vibrate ground beings too.

Waaay low.

11:53am, July 18. South end of Lopez. Growler flying overhead, northerly. LOUD SCREAMING DEEP ROARING. I was walking, had no ear protection. Deafening and bone rattling.

11:57am. South Lopez. Growler roaring over us.

2 different planes

2 growlers flying close headed east over Camano towards Cascades

Again, jets and rumble. There is no reprieve. Can't enjoy out doors on an island that is made for out door activities. It's so frustrating.

"Ault engine noise

Watmough Head Lopez"

Cape St. Mary area, Lopez Island, Washington

Continuing ongoing flight noise, too frequent to make individual records

Direct fly over Lopez

Direct flyover going south to north. Extremely loud description choice is not sufficient to relate to the noise level. Very low flyover with landing gear down.

"Engine noise from Ault

Watmough head"

"Flying south

Very high so surprised at so much noise"

Flyover

Forks - second pass over town this morning...so hoping for a quiet day like Sunday. Not so far this morning.

Mount Vernon. Oops, I made the mistake of letting my cat sit on my lap now I have bleeding scratches on my legs because the Navy scared the crap out him. Sorry, Navy, I'll try to be more considerate of your flight schedules from now on.

Forks Fourth Passover and circling and more frequently than earlier! 🤯

Almost 10pm and there is horrible grinding thunder deeply shaking my Anacortes home- sounds like end of the world to the south. Horrid.

Forks- None stop circling since they first arrived and at 12:03, I still hear them. Lots of circling over town. Grrrr Growlers!

Frequent rumble sounds and faint low vibrations.

"From Watmough

Sounds like bombing from Ault

Locator not working"

Growlers starting to fly so it will be another ear shattering day

How long will this invasive noise persist in the PNW? THE FLIGHTS CONTINUE, increasing, with no let up. How long until our elected representatives actually legislate to protect the public's health from this noise and air pollution? HOW LONG?

I can feel my ear drums vibrate ! It hurts !

Into ONP hiking and jets plying the skies disrupting nature sounds and babbling Elk Creek! Growlers should not be flying over Forks town and environs, nor ONP!

Is this rumbling going to last all day?

It is evil for a city to request the military to come here and do something known to be traumatic to any greater than zero number of residents. This is why I feel I am surrounded by uncaring monsters. This is the most evil country on the planet.

Low flying growler aircraft impacting my life

Low flying growler aircraft with gear down

It's the continuing constant roar that is on-going all morning to the Northwest. My heart goes out to affected our area The footprint of ecological damage is huge when you remember how many tons of carbon are being dumped in us.

Jet noise, not as significant as usual but there; however, today a judge ruled the Navy's EIS for substantially increasing Growler flights did not adequately consider noise impacts to humans and nature- gives hope for birds, orcas, humans.

Forks. First day of school and the jets have circled all morning and into the afternoon. As of 3:15 when school lets out, no Growlers. Not even one day to teach playground rules, safety during flyovers or teach without the blasted interruptions!

Killing us in the park with all the continuous flying overhead. We didn't travel from Ohio for this.

Loud screaming jet overhead. South Lopez. DEAFENING.

Loudest I have heard since 2020. Aircraft was probably below 800 feet with power up.

Mount Vernon. For about the last 20 minutes, it's sounded like a mega-volcano was erupting during a massive thunderstorm. This level of low frequently noise should not be permitted in populated areas. Indoors with earplugs but I can *FEEL IT*

Low flying and extremely loud. Has basically ruined my present life!!!!!!

Low flying growler aircraft

Low flying growler aircraft

9pm and there is awful deep, shaking thunder vibrating the south side of my Anacortes home. War sounds - so many nights. Creepy and unsettling

Low flying growler aircraft disrupting my day

Mount Vernon. For the last three days, it's been a near non-stop rumble and a general increase in the number of jets flying over. Saw six flying in a close formation yesterday. Time for the Navy to move to a more appropriate location.

Loud rumble while we wait for the vet. Dogs get nervous and every time it rumbles.

Low, LOUD, screaming over the boat.

Low and extremely loud overflights this morning.

Mount Vernon. Some kind of massive rumble sound happening every 30 seconds or so. It's actually possible it's thunder except it's been going on for too long and it's too consistent.

Multiple aircraft noises, ongoing

Growlers need to move to remote location for this earshattering flying

Multiple low flying growler aircraft

My ears are still vibrating..please stop it.

Noise noise noise in Coupeville from ault field.... Loooong noise events, maybe run ups? Horrible constant noise.

Noise went on all afternoon

Noisy growlers flying all morning

Over and over, too low and too loud and too long, as usual. It is so peaceful when they are not here and so irritating to hear them coming, always without warning, of course.

"Rattling windows

Ault noise

Watmough head"

Rumble and vibration every couple minutes for the last half hour. The rumble is getting fairly loud, loud enough to block out all other background noises.

SE LOPEZ, 31 Aug 22, Wed.: Vacuuming . . . Suddenly an overwhelming noise - couldn't hear the vacuum. A Growler was roaring overhead. 92.3 decibels. Insane that our homes have become a WAR PRACTICE ZONE for the Navy.

Super low flyovers

"The Pilot was returning from Olympic National Park and he/she did an OUTSTANDING job of minimizing the Growler noise by coasting back to NAS Whidbey at idle. This is not common.

Thunderous. Bad.

Too loud, too low

Very low S Lopez

Was the second assault merely belaboring the point or due to incompetence?

"Wretched metallic screaming from the skies of Oak Harbor. Very hard to concentrate at work- trying to care for patients in medical clinic.

This is a very unhealthy environment.

Mid day, Weekday"

2 growlers flew over my house on Camano Island while I was on the phone on my deck. The jet noise was so loud I couldn't hear the person I was talking to and had to end the call.

2 growlers flying side by side. Dogs head indoors off porch. Too loud on porch. Over 3 fingers mountain in cascades. Still hear. Big noise footprint. Horrible.

20 minute break and right back at it ! Four hours then break ... Will go on for up to twelve hours for night training . That means I only get one hour of quiet per day . (3 • 20) one hour for yard work , playing outside , barbecuing. 😞

4-engine prop going around in circles at low elevation

8/23 12:53pm. Afternoon disrupted due to loud growler flight activity. Constant loud rumbling. Roaring overhead. I am trying to concentrate on my work and the roaring and rumbling are distracting. Why should I have to wear headphones in my own home?

Another noisy flyover of growlers

Another thunderous fly over!!!

Aug 23. 12:34pm. Screaming jet roaring over south lopez.

Come on it is such a great summer day but stuck inside because of the constant growler flights

Constant Vibration so much for enjoying the quiet of the village

Ear shattering growlers

End of the world? Sounds like it with growers terrorizing the people trying to live here

Enjoying a nice lunch- then a screaming loud jet ruins it!

Flights so loud, long and repeated. Kids came outside and now have to go back in. Sound penetrating the house and they are even flying north of us. Not sure what is causing the addition, more than normal rumble. HATE THEM

For the last two hours, while weedeating with earplugs, the roar of the jets overpowered my noise.

Forks - Roaring over the Forks schools as teachers hold their meetings. Noise discernible inside closed doors. Is this what the school year will sound like?!

F*!**

Going since 8:00 am

GOOD GOD!! the sudden noise - then grinding, wooshing, mind grating NOISE from over town and OLF.

Growler flew by sending the grandkids back inside to try and avoid the noise

Growlers flying loudly by ruining the peace

Mount Vernon. Lovely day to have windows open. Then the Navy starts flying too close and too loud and I have to close the windows and switch to fans and A/C (and earplugs)

Growlers flying low and loud

Growlers starting their engines and making ear shattering noise.

Have been flying off and on for last couple days. Grandkids came inside because of flights.

Hell do we ever get a day of peace from the growlers. 5 days of torture in a row

I work from home. My concentration is absolutely shattered today thanks to the growlers.

I would feel less despair if organizations like the SDF had a "not on this planet" stance rather than "not in my backyard." The growlers are a symptom; the military is the disease.

Long loud constant (as in a few minutes) blasts of noise. Started after 10:30 this morning

Lots of rattling windows in our house due to Navy noise

Loud and long enough that I couldn't hear my doctor on the phone. I had to hang up until it was over and call back.

Loud jet screaming by to the south.

NOISE NOISE NOISE!!!!

In the middle of a client therapy session navy growler flew over and it was loud and traumatic to our delicate work.

"It is just hard to think- with that echoing metallic roaring- echoing across the skies constantly. Just trying to care for patients in an Oak Harbor medical clinic.

that's all..."

Jet noise ruining a lunch break outside. HUGE ROARS. South End Lopez August 16.

Lots of jet roaring in the skies. Very noisy. Distracting. South Lopez.

Loud growler flyby

Loud growler jet noise flying over Camano heading east. Following with Binoculars. Can still hear jet although over Cascade mountains.

Loud rumbling jet roar. South Lopez. Distracting me from my work.

Loud, sustained

Low flight south Lopez

More growlers making my ears ring. They really need to find a remote place for this training

More than now

Multiple direct flyovers all morning

NO!!!!!!

Noise from jet flying over and noise from engine testing.

Outside, ridiculously loud air noise from up north, over and over again polluting the sky- now flying over to high to see- loud!!!!

Over 30 minutes of roaring from Whidbey NAS. Please move to China Lake, CA. There are superb repair facilities there and many runways! Plus, it is in a remote area, and the Navy welcomed by the locals.

Overflights began early this morning and continue to the very present.

Overflights shaking windows

Oweeee !!!!!!!

Rattling away

Forks - Stopped the birthday party and all conversations. Easily seen and well below 10,000 feet over populated areas and far up into O N P. War

games and evasive use of afterburners blasts our sensibilities. Cannot escape it even indoors.

Rural countryside, just pure nature, disrupted by the constant roar

Same aircraft, back with hatred of silence.

SE Lopez, 19 July 22, Tue: Another extremely loud overflight - 84.6 decibels.

So loud I had to suspend my phone call. Darn it!

The jet roaring continues. The sky is FULL OF JET NOISE. The jets seem to be to the south of us, but they are so loud their noise echoes everywhere. Disturbing and annoying. Like constant thunder. South Lopez. Aug 16.

The low-frequency acoustic energy emissions are coming from the direction of Oak Harbor. Loud and grating!

Today is just ridiculous in terms of assaultive noise. It's nonstop and incredibly invasive. What are you trying to prove? That we have air power?

Too many incidents to count since morning

Trying to enjoy lunch outside and then the growlers joined us

Trying to enjoy my retirement but the noisy growlers are not allowing it

Trying to play with the kids outside on a summer day. They just take away the beauty and peace.

Two very loud purposeful flights over house. Out of their way.

Unsafe to venture outdoors!

US citizens are being injured by the noise

Very loud blast of noise

We've absolutely had enough today. Fly-overs that are super loud THE ENTIRE MORNING NONSTOP. This needs to stop.

We're getting hammered by jet noise in Coupeville today.

Wow very loud growler flyby sending everyone back inside.

Cape Saint Mary area, Lopez Island, Washington"

1:20pm. Aug 17, SCREAMING GROWLER OVER SOUTH LOPEZ. DEAFENING. I WAS OUTSIDE WITH NO EAR PROTECTION. LONG ROAR. Growlers have no business flying over populated areas. It is abuse.

1:40pm two growlers roaring over south Lopez. Roaring!!!!!!!!!!!!

2 growlers direct flyover

"2 growlers flying in close formation and low over the top of Camano headed east to Cascades.

Very very loud. "

3 extremely loud, ear shattering blasts. Seems like they are zigzagging around for maximum blasts. Maybe they are mad.

auditory assault on your own populace is cruel

Cape Saint Mary area, Lopez Island, Washington

Continuing Engine noise from Whidbey/Ault

Loud aircraft that goes on and on and on and woke me up. Military aircraft. They're the only ones with that kind of loud low longevity

No sleep ! When are they going to stop !

Refueling tankers - they don't just fly over, they fly around and around and around. Right over Lopez

Engine noise from Whidbey/Ault hurting my ears

Extremely oppressive roaring.

Growlers raising hell today for anyone within 20 miles.

Long lasting flight. Trying to work from home.

Loud growler jet noise over South End Lopez.

Low flying growler aircraft

Low loud South Lopez

Most of the morning. Loud rumble vibration - followed by high fly over. Hard to see so high in the air- but sooooo loud. It's been pretty much non stop. Schedule says flying tonight. In reality it's all day. 8-10 events so far today i think.

Mount Vernon. My partially deaf mother-in-law, wearing noise canceling earbuds, had to stop the riding lawn mower so she could plug her ears. Not exaggerating. That was LOUD.

Really loud growler flyby

SE LOPEZ, 16 Aug 22, Tue: At 1:09pm, 1:50pm, and 1:55pm screaming Growlers flew over our house. We were inside and the recorded decibels were 89.9, 84.8 and 85.6. The house was shaking, windows vibrating. Why is it OK to strafe our homes?!!!!!!!

Series of 2 growlers flying close side by side traveling East towards Cascades over the top of Camano Island. It is now 3:30pm. There have been 6 pairs of planes in a two hour space of time. Think of the tonnage of exhaust waste dumping on us. Ugh.

So need to have these constant flights moved to a less impactful place.

Turned our sky into a war zone today.

We've also been hearing loud persistent rumbling late at night interfering with sleep

5 jets just flew over house, super noisy

73.8 dB. Too loud.

A day at the beach. Growlers flying making so much noise. Feel like q am trapped in my home with sound cancelling headphones is my life

ALL MORNING LONG ... a constant roar from Growlers taking off from NASW, then overflying Camano Island.

"Amazing that I can still hear lower level noise after all the extreme noise of today

Here it comes again..."

"Constant rumbling this morning and afternoon

Loud loud, and we cannot even see these planes

How bad is this for the poor folks at "

Do you feel the hatred?

Double direct flyover complete with earsplitting engine roar plus piercing whistles

Ear shattering flyby of growlers

Engine runnup

Loud growlers flying and deafening everyone below

Extremely loud overflights

Forks - Not so nice tight circles overhead, two Growlers chasing each other over the quiet forest.

Grandkids crying as growlers flyby

Growlers flying and making a hell of a lot of noise

Haven't been able to list all the noise event todot

Horribly loud. Growler overflying Camano Island headed east to Cascade Mountains. Can still hear roar.

I am so stressed. The jets have been so loud and so often all day today. I can't focus to work. That means I am losing my income.

Just another run-of-the-mill, ear splitting, activity disrupting, vertigo inducing, massive blast of noise from your friendly neighborhood Navy. See you in five minutes when we get the next one.

Kayaking in Port Susan with 2 Grandsons. Oldest one 8 years old looked at me worried and yelled "Nana are we safe?" The truth is...none of us are safe from the damage these planes are doing to us.

Loud loud loud loud jet over south Lopez. Long roar. It is cloudy, so I cannot see it, but the persistent and long rolling roar has all the earmarks of a Growler. Still roaring. Still roaring.

"Mind numbing background roaring from Growler flights. While not damaging of hearing as it sometimes is. It is nevertheless difficult to concentrate on patient care in medical clinic here in Oak Harbor

It is directly adjacent to a school.

Flying after midnight again. Woke me up. Extremely loud. This is torture.

Growlers were flying until well after midnight. At roughly 12:30 AM there were several consecutive engine roars, as if Growlers were taking off from NASW.

Mount Vernon. Insanely loud. Rock-concert-right-next-to-the-speakers loud. Inner-ear-affected-and-lost-my-balance loud. Should-not-be-operating-in-populated-areas loud. Shamefully loud. If the Navy cared.

Mount Vernon. What the Hell? Are we at war? It's been non-stop loud jets for the last hour. I was asked in a work call to mute because of the background noise.

Noise...so intrusive. These Jets were designed to have an impact on the morale of the enemy. The public of the USA should not be the practice arena of the navy.

NON STOP ALL DAY. HOW MUCH TRAINING DO THEY NEED? Sounds like they just sit on the runway and rev the motors. That's not training, that's pure machoism.

One of the loudest events. From inside the house with windows and doors closed it sounded like a bomb going off, the ripple affects made it sound like the sky was on fire.

Outside of Hoh Rain Forest and only two aeronautical miles from ONP ...friend lives totally off grid and in the woods. Our indoor conversations were shattered numerous times by Growlers blasting above us... 🤬

"Rumblings until 10pm and later

Could not stay outside

Very very disturbing given that where we are, we should be well protected from the noise."

SE LOPEZ, 13 Aug 22, Sat: 5 Growlers flying in formation - estimated 3,000 feet - directly overhead - flying E. GIGANTIC, PAINFUL NOISE. Why is this necessary?!!!!

Second growler- up extremely high- extremely loud!!!

So far up in the sky just can barely see, so loud and rumbling as it flies over

So loud! There goes my peaceful Saturday!

South Lopez. The skies are ROARING with jet noise. Unpleasant to be outside. Why do we attract tourists when this place sounds like a war zone? Why does the Navy treat us like a war zone?

Stop it

"Terrible gut rattling engine noise

It's been going on all day

Watmough head lopez "

Time to move the jets to the desert

Waves of noise from takeoffs all morning

Wow that was loud growler flyby

98239

Nothing like the smell of fuel !

2-3 different aircraft, all loud

3:08pm. 8/15. South Lopez. Roaring jet noise in the sky. The noise is coming from the south, and it is a deep thundering roar. Persistent. Awful.

A day at the beach with the grandkids and loud growlers. Really wish they could find a remote place to do this training

August 9. Lots of jet noise in the air. Prolonged roaring. Above us and around us. Southend Lopez.

Big plane has now gone above my house over four times ! Why r they training on Sunday

Death to all american warmongers.

Extremely loud growler flyby. This is so wrong for a residential neighborhood

Flight noise now

Flights 2 growlers headed east over top of Camano. Extremely loud. Can still hear them but they disappear out of sight in the cascades.

Forks - typed too soon! Elementary school still in session and Growler just blasted over. In ten more minutes, kids will get on the bus, another time for safety and adult voices to be heard!

Forks. And the noise continues as I predicted. Not every minute but several times an hour!

Get damn growlers out of here. So loud

Getting both growler flight and noise from on the ground

Growlers flying loudly by.

"Growlers then thunder then more growlers

A couple of thunderclaps rattled the windows just like growlers"

Horribly loud disruption. This level of sound should be illegal in residential communities-- worried about my hearing and can't hear my zoom calls for work.

How can it be acceptable for us to only get 1 or two hours during a regular day to be outside without wearing protection?

Huge rumbling roar of jet noise. Like Thunder. South Lopez. 3:42pm, July 19.

Is the schedule the Navy provides just a fantasy? We have had flying every day for weeks !

Keys noon stop. It's just unnatural

"Lots of jet noise today

Forks region - Even dog stopped playing and looked to the sky...loud after burners and again circling over town and ONP. We don't need that blast; just need Growlers to blast out of here permanently!

Low, loud, and , basically, right in my living room. All day the Growlers have been overflying west Camano. Just now one passed low along the western side of the island.

Mount Vernon. Even knowing it's coming, nothing can prepare you for the Navy's self-serving Sound of Freedom :tm:

Mount Vernon. Had to close the windows to continue a Zoom meeting and still had trouble hearing people until the jet(s) passed. Way too loud for residential areas.

"Noise level is getting louder

Cannot carry on conversation outside"

Really?

Ridiculously loud military aircraft.

Sunday ? Why ?

The EA-18G aircraft are overhead Oak Harbor but the acoustic energy emissions radiate long distances.

Three growlers high fast and very loud

Trying to have a business lunch. Jet fly overs and one tandem. Stops conversations.

"Very difficult to concentrate at work in healthcare facility due to afternoon metallic rising and falling screaming aircraft. Thankfully not earsplitting just now, but extremely distracting none-the-less.

Oak Harbor"

Very loud growler flyby

Very loud growler flyby. TKe it to remote location. You are causing a lot of pain to those of up trying to live here

We are in Greenbank very close to Greenbank Fatm.

Wow! What a nice quiet day in Coupeville, then out of nowhere, NOISE!!!
Low flyover... startling and disturbing.

4:13pm. Trying to listen to a podcast. LOUD JET blocks it out. South Lopez.

4:46pm. DEEP DEEP ROLLING ROAR from growler over south Lopez.

82 degrees and have to close up my house ! I am so agitated!

Dugualla heights. Plane woke entire household.

"Engine noise from Ault has awakeds us

Extremely loud"

Afterburner directly overhead.

98239

Forks - starting AGAIN today at 2:50, 3:53 and now at 4:53 Growlers are circling overhead and heard at the mouth of the Hoh (per hiking friends), over Forks (me) and at Rialto Beach (friends). Cannot escape the noise today!

Another damned growler making life hell for Americans living here

By

C-17 ? Pulled an ridiculously low tight turn in the Chuckanut mtn range

Camping in Bow 🙄

Dugualla bay. Very loud very low.

Exceedingly loud overflights throughout the day. Just after 4:00 pm, an extremely loud Growler pass occurred. Another overhead is taking place now.

Fly those noisy growlers somewhere less populated

Flying low and loud and fast headed east to train. Why not high slow and less loud until out of the heavily populated residential area?

"Going since 8 am for eight hours so far I have had only 40 minutes of my day without noise. There is always the anxiety of when will they start flying and the same in anticipation that they will stop ! First day of blood pressure meds!

98239. It's 12:14am and the damn Growlers are waking up the neighborhood!!

Extremely Loud. GOOD GOD!! 12:14 am.... AM (!!!)

Growlers flew over deafening everyone below. They need to find a remote place to fly

Growlers starting up for today's abuse

In Anacortes, loud loud deep vibrating roar from NASWI. Very disturbing. How do people put up with this?

Kids bCk inside because the growlers are too noisy

Loud and deep jet noise from whidbey. Like thunder. Anacortes.

It's midnight and the jets are still flying every five minutes. When is this going to stop and why is it allowed to continue? There seems to be no sense of urgency from our officials and no relief. It's outrageous.

Low over south end of Lopez

Mt Vernon. Most of June has been surprisingly pleasant given the Navy's history, but The Rumble started back up today. I almost forgot how much tension and anxiety it causes.

Really trying to enjoy my day outside but growlers are tearing up the sky making that impossible

Repeated loud and low overflights!

This is bulls*** having to hear noisy growlers all day in my own home

Three growlers flying in formation . It cannot be described how it feels in a Sunday afternoon...when the week was horrible ! Just want some peace and quiet.

98277

(Clinton)

5:22pm. The roaring of the jets at Ault fills the skies. Deep roaring.

All quiet. Then the growlers break the silence. Just nature and damn growlers.

Another deafening over pass. Go away! Let us enjoy dinner and family time!

Came in low and loud from the east-ish over my neighborhood in Friday Harbor. May have been a helicopter.

Dugualla heights oak harbor. Too low to residence. Windows shook.

Forks - loop after loop sounding like thunder which we are expecting, lightning too. Very unnerving!! Feels like they are circling right over my house. Even my dog is looking up to "see the noise."

God help us it is Sunday ! Could we please have Peace !!

Growler flight noise Plus many loud blasts of jet noise coming from Whidbey

12

Has been going on for 6 minutes

It sounds like the air was torn apart !

Lots of loud flying noise from Whidbey

Forks. Ears blasted by afterburner rumble as jet vasively circled and punched the power. Three minutes later, I still hear the rumble though the jet has passed off to the west ...miles do not minimize the sound by much.

Mount Vernon. Been flying overhead off and on all day. If the Navy would at least adhere to a schedule, I could plan when to be outside.

Rumbled my stomach while I'm trying to eat dinner!

Too loud for residential area

Two growlers flying over. Loud!!!!!!

Anacortes 8/10/22. The jet roaring in the skies is persistent. As if the jet taking off and flying and roaring is producing a continuous echo.

August 10. Anacortes. Been annoyed all afternoon by frequent loud jet noise from Whidbey. Now here it is again. The Navy is a pest, as well as a liar.

Chinook over Coupeville... not the fish.

Flying over again. Numerous planes flying over today. Its hard to keep up documenting all of them.

Forks - a day of loud flyovers continues, but hopefully they are headed back to base...goodbye and good night!

God damn you. Get the growlers out of here

Got home at 5 Navy jets have been blasting away. No peace.

Growlers making noise in residential neighborhood. Why is this even legal?

Horrible threatening, shaking, rumbling, trembling thunder- my home deeply shudders in Anacortes . So disturbing and the antithesis of peace here. Wednesday evening. How can I rest to work- in healthcare, under much chronic stress.

How much of this noise do we have to endure

I can't hear my conversation.

Leaving the only grocery store on the island. Flight stopped conversations it was so loud.

Loud and disturbing growlers running up their engines

More than one.

Please Please stop ! I need to open my windows to cool down my house !

Several rounds of flights overhead that are deafening

Terrible sound overhead. Can't hear my phone call

98239

Forks Another pass over with engines blasting. Seems like the flight pattern is going to be hourly annoyances and disruptions to nature sounds on this August summer day.

98239

Trying to work from home. Flights and it's 9am

Very loud growler flyby

98239

Awakened after 2am by growler jet noise. So disheartening. The Navy does important work, but it should not be to the detriment of the citizens you are training to protect. Do better Navy. I have faith that you can.

Quiet. Trees. Non stop roaring the only other sound. No city noises just nature and the damn jets!

Woke me up

98239

98239

Another growler shattering the peace

Constant sound for several minutes

Forks - peaceful cup of coffee on the deck shattered by jets circling playing their war games! Go away!

7:25pm, July 20. Outside enjoying the evening EXCEPT for the incredible rumbling and roar of jet activity at Whidby. The noise is POUNDING and ONGOING. South Lopez.

Been out of town for 10 days . It is hot and I cannot open windows ! No FCLPS, they have lied again !

Coming up on 12 hours of flying and still counting!

"Constant loud noise continues

There is no break in the sound blasting us.

Navy please install noise mitigation measures such as noise baffles to save US citizens subjected to noise that is supposed to be directed to US enemies in the event of war. "

"Constant low level deep noise

Drones on and on

What more today? Not holding anything back for an enemy as it has all been inflicted on US taxpayers today and wildlife. "

"Forks and Snyder regions

Noisy jets, 2 or 3 perhaps all afternoon over Snyder Forest Service area, ONP and Lake Crescent, only to return to Forks for continued flights over town, round and round, ad nauseum!"

Get the damn growlers out of Camano airspace

Growlers flying and making so much noise it is hard to believe

"Just keeps a steady more than low rumble blast

This certainly destroys not only our health but real estate values and tourism dollars

Jet noise is bad, often more than a noticeable annoyance. But today has been a total assault on us. Why destroy us? "

"Noise and more noise from Ault

Watmough Head, Lopez"

On and off all day, over 12 hours

Several very low flyovers of large military aircraft today, noise wasn't as horrific as Growler noise even though aircraft were very low. Stopped at Agate Beach to watch a flyover that folks thought was crashing.

South Lopez. 7:35pm. 7/20. The jet roar from Whidbey is continuous and thundering. It sounds like the whole fleet of growlers is gunning their engines. Disgusting and abusive.

Three jets side by side over Coupeville... triple the horrible noise.

Time is approximate. Trying to have a family dinner and burst from flights interrupt conversations.

We thought it was going to land in the helo spot it was so loud.

Wtf this amount of noise all day from the growlers is too much

Wtf way too loud for residential area

8:30 pm and it starts up - deep thunderous shaking, shuddering racket. Disturbing vibrations from the south- Whidbey. Navy torturing the landscape, yet another night. Anacortes towards Washington Park. Horrid and not fit for sleeping/rest

98239 two growlers dude by side over Coupeville... double the noise.

All day long and yet we can only report one incident.... Does anyone care ?

Birds, sea lions even Orcas tonight. Silent skies. EXCEPT THE ONLY MAN MADE SOUND OF POLLUTING JETS!!!!

Cant open windows ! It has been a hot day.

Emissions are emanating from the direction of Oak Harbor. Intense and distressing!

"Engine noise from Ault has been going continuously, without a second of pause for hours now

Watmough head, Lopez"

Forks Especially loud, all outdoor conversations ceased. War games with afterburners roaring for the better part of an hour.

Full day of ear shattering noise from the growlers

Growlers flying all day and now into the night. This is torcher of Americans pure and simple and it needs to stop

Growlers making life hell below

guess the pilot decided to make sure we knew he was up there having fun!

Hell of a lot of noise coming from the growlers tonight

Inappropriate amount of noise overhead that made it impossible to hold conversations or do anything. Very disappointing and upsetting to live here

Just stop already. You're disrupting a beautiful rare summer evening and all of our peace at the end of a long day. Who needs that?

Lots of long loud blasting of noise from Whidbey NAS

98239

98239

Loud growler flyby really shock to my ears

Nearing 12 hrs of off and on flights.

Not anywhere close but navy warplanes are shaking my home. There is just deep deep rumbling and groaning and it is so disturbing even when audibly drowned out. Impossible not to feel in the bones. Terrible intrusion into my body. Anacortes 8:40 pm.

Off and the on very deep rumble growl from jets. I can feel it as I sit in my chair and I know the flight is north.

Oh my God. I am so tired of these loud growler flights

Another long, loud fly over.

"One wonders about the quality of the equipment if this much testing is needed

Or could this testing be conducted in places with less negative impact to those around?

Noise does not stop

It is loud inside house with windows closed."

Roar and rumble from the direction of Oak Harbor is horrendous.

still going strong must be heading home in a hurry

The acoustic energy emissions are coming from the direction of Oak Harbor, very loud and very unsettling.

98229

98239

!!! Kids in bed and we have 8y(*&Y!! jets!

98239 Two more over Coupeville... double the noise. ...

9-forty at night, of course it's loud!

back again, even louder!

Bedtime for bozos.

Camping in deception pass state park. Extremely busy holiday time with tons of families camping. All day long these jets have been tearing through the sky. It's after 9pm and my kid can't sleep because they're exploding the damn atmosphere above!

Come on growlers my grandkids are trying to sleep. How can this level of noise be legal in a residential neighborhood

Damn another blast from Whidbey. Not as loud as many today. Why is Navy Whidbey trying to kill us? This is not the sound of freedom but of destruction to the lives of those of us in the area. Please Navy Whidbey be reasonable.

ENOUGH ALREADY!!!

For the past 10 minutes today's noise attack from Navy Whidbey has ceased. Do hope it has stopped for the night. The noise assault has left my mind and body jostled, similar to shaken infant syndrome as there was no escaping the constant noise

Dugualla heights oak harbor. Too late, too low too loud Woke entire household. Don't fly over residences late at night!

Dugualla heights. Plane woke entire household.

Forget sleep tonight !

Forks and Rialto Beach- All bloody afternoon and into the evening, roars, rumbles, afterburners engaged for darn war games training over town and Park. So loud at 3:21, woke me from a deep rest. How much longer to endure this tonight?

F*.THESE.JETS**

Growlers keeping my granddaughter awake. What a life.

I know they are far north but the sound travels so far and is still rumbling at our house.

I want to crawl into a ball in my closet ! But it is too hot !!!!

It may of not been a Growler but couldn't tell it was loud and painful!

It was so peaceful in my home until time to go to bed- and darkness. Then it begins the deep, terrible rumbling and shaking of my home, bedroom and body. Terrible abuse. Unhealthy environment here- due to navy war practice. Nightly

It's Saturday night and it is 9pm and their are growlers flying. There is no boundary for them. We are living in a nightmare.

Just as preparing for bed, multiple Growlers took to the air, spoiling the peace and quiet of the evening.

Just in time to put the children to bed

Kids WERE asleep until the jets came back.

Low rumble again. I know the growler jets are flying tonight. Again.

More growlers making noise. Daily ear shattering noise. How can this be legal

must be electronically monitoring our internet as a return pass was even louder

"Nearly continuous jet noise, now 10pm

Can hear them in Coupeville, 12:29 AM from AULT FIELD. AWFUL!!!

Can't believe they are flying at 12:19am. Woke me up. So loud.

disrupting sleep

Dugualla heights oak harbor. Too late too low too loud Woke entire household from sleep. Don't fly over residences after 10 pm.

Many navy Whidbey jet noise incidents today. Can't record them all manually"

Nice day until the growlers started their ear shattering noise

Outrageous!!!! Preserve the quiet. Please.

Trying to sleep bit the growlers are out flying so awake for the duration

Very loud growler

98239

10:30 at night. Growler noise reverberating all around.

Another long, loud fly over. It's like living right next to an airport.

10:50pm, July 21. Huge blast of jet noise from Whidbey woke me up. Sounded like 10 growlers taking off at once. This is abuse by the Navy. Why is it necessary to broadcast jet activity at 10:50 at night? S Lopez

10:53pm, July 21. S Lopez. Jet noise loud. It awoke me, and now disrupts ability to get back to sleep. Whidbey is sending jets into the air at this time of night. Is this a good neighbor? Stupid.

Dugualla heights oak harbor. Plane woke entire household.

Dugualla heights oak harbor. Planes this loud shouldn't be flying over residences at this time of night.

10:56pm. July 21. Jet noise roaring fills the skies and fills my bedroom. Whidbey active at this time of night. Atrocious. Sadly, this is not unusual behavior. S. Lopez.

11 at night. Loud blasts. Working week.. Need sleep

14 hours in 😞

After 10 am at night. The skies are filled with jet thunder. Constant roaring. Cannot sleep. South end Lopez

Ongoing noise over Coupeville tonight 10:45 pm with extremely loud noise events to low frequency rumbles echoing across the region. Heard inside my home over and over and over again.

Pain !!!!

Really? 10:30 at night and still flying??

At least 8 low flying extremely loud jets one after the other over residential area when reasonable working people will be trying to sleep,

How late are these folks allowed to fly over the islands??

I want to die !!! So loud !!

It is ridiculous if this is going to be taking place after 10 pm. Kids need to get sleep for school, adults need to sleep to be productive at work—flying this loud, this late, where the entire house is moving, is beyond inconsiderate to civilians.

It's 10:18 and the house has been rumbling for half an hour, at least. I'm inside with all the doors and windows closed.

It's ten at night. The constant rumble is obnoxious. My kids are trying to sleep and it a) keeps them up and b) scares the crap out of them.

LET ME SLEEP!

Low flying growler aircraft

Low flying growler aircraft

Makes the coyotes here howl and me too.

No sleep !

Noise almost non stop all evening and now into the late night

Sleep ! Not happening !!

These are the nights the Growler's are relentless! It feels like the world is ending !

Trying to sleep on a warm night after a hot day. Your noise pollution is not helping one bit

Way too loud, way too late

Woke me up

98239

98239

11:06pm. July 21. Awakened just before 11pm by jet noise blasts. Have not been able to go back to sleep. Now must wear noise cancellers. What a night. Navy is an abuser. Southend Lopez.

1120 at night of course it's extremely loud

11pm AT NIGHT. July 21. Navy continues to abuse local residents. Jet noise is incredible.

Dugualla heights oak harbor. Too late too loud. Don't fly over residences after 10 pm!

"Dugualla heights. Too low too loud too late at night. Woke the entire household

Felt as though growler was landing in the backyard. Windows and walls rattled. "

extremely loud over coupeville while trying to sleep

Growler engines keeping us awake when we are desperately trying to sleep

Growlers have been going all evening, and still rumbling

Growlers starting and running up their engines all morning very loud.

It's 11:27pm They're still flying making their horrible noise.

Loud, woke up

Plane noise going all eveningand still continuing

Thanks for waking us up... 11:00 pm Coupeville.

Too late at night for jet flight.

"Trying to sleep- disturbed by deep. Rumbling, shaking sinister thunder, after 11pm. Anacortes. Navy abuse of civilians continues. Unhealthy place

WE.ARE.TRYING.TO.SLEEP.

Woke me from a sound sleep. Several previous planes flying low over residential area this evening as well.

Woke me up

ZZZZ NO! BRRRRAPPP

Woke us up at 12:36 am. What are they doing terrorizing communities at this hour?

"Yes it is 12:30 AN and this engine noise from the Griwlers is ioloud. I can't even tell how many jets are contributing

SE LOPEZ, 31 Aug 22, Wed: 12:37pm Growler overhead - 84.2 dec, 12:40pm another one -78.2 dec, 12:50pm - yet another screaming Growler 86 dec.

My wish: May Larsen and Murray experience living with this hideous noise they have foisted on us.
