

Jet Noise Report: November December 2024

Since 2015 jet noise reports are submitted by residents of the Salish Sea region, using the San Juan County Aircraft Noise Reporting Website. This document provides data broken out by reports generated inside San Juan County and outside.

Beginning on page 9 please read the comments made by those who submit noise reports and feel the frustration, concern, and anger.

INSIDE THIS REPORT:

- Reports by Location for 2024
- Reports by Type of Noise
- Reports by Time of Day
- Reports by Day through the Year
- Map of Report Locations
- Comments submitted with each report, revealing human impacts

Shaking? Fuel Dumps? Are We Safe?

They are flying tight angry afterburner circles at Ault Field and the south side of my home and my body are shuddering with the deep low frequency waves of thunder. So deep and so disquieting. Not good for health.

My Anacortes home is being intermittently shaken by the deepest rumbling sounds like distant explosions or an earthquake. It is so very disquieting. I can feel it in my feet where they touch the floor.

Blasting jet fuel into atmosphere all day

I keep putting "Extremely Loud" in these reports but that's because it's always "Extremely Loud", but there's a range. "Instant headache", "Falling over with vertigo", "My chest hurts", etc. They're all extremely loud.

The growlers are flying close to the ground in poor visibility. Is this safe? I'm trying to raise my family here and I think it is reckless to be conducting military training over my community. What if there is a failure over our school?

Almost got shaken off my ladder working outside. It is still loud. Every day for the last three weeks or more the growlers have been really disruptive. I don't think it is safe for the military to be training over our school.

Jet was So loud it sounded like it was going to crash into the house.

Horrible house shaking deep thunder- like giant explosions from the south- from Whidbey while I was trying to peacefully work in my yard. Impossible because of the threatening explosion sounds of Growlers.

Continuous roar and circling this morning. And dumping of jet fuel. Smell is very strong.

Understanding This Report

Listen to the jet noise that we hear in our region:

<https://sounddefensealliance.org/growler-videos-audio/>

The Navy dismisses noise data: -

<https://www.seattletimes.com/opinion/navy-should-use-our-data-on-growler-noise-not-dismiss-it/>

Jet noise raises emotions.

If you are in crisis, you can call the National Suicide Prevention Lifeline 24 hours a day, seven days a week, at 988. Press 1 for the Veterans Helpline.

You can also text a crisis counselor by messaging HOME to 741741.

Crisis lines are available for all Washingtonians regardless of insurance status or income level.

Hints on reporting jet noise:

<https://www.quietskies.info/access-the-county-report-site>

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

<https://gis.sanjuancountywa.gov/aircraft-noise-reporting>

Who submits reports? In October, 2019, permission was given for people outside of San Juan County to use this noise reporting website. This has enabled reports from the wider region.

Correcting Location Data

Beginning in January 2023, data reporting addresses a problem with the website's capture of location data. Many reports default to a location in the center of San Juan County (SJC) when the person does not provide their location. This artificially raises the number of reports attributed to San Juan County that actually come from outside SJC.

Here is what we are doing. Some reports with invalid location data can be corrected by their comments or zip code. Next we look only at reports with valid locations to determine the normal portion of "inside" and "outside" of San Juan County. Finally we assigned the reports with invalid locations to "inside" and "outside."

Future reports likely will show more reports from outside of San Juan County than previously. Considering the smaller population base of San Juan County compared to nearby counties also affected by Navy jet noise this is not surprising. This has been the trend since 2019 when we opened reporting to outside SJC.

Annual data is continually reviewed. Clarification of duplicate reports, as well as the addition of late reports sometimes adjusts the final numbers to a few more or a few less than previously reported.

Jet Noise Reports By Location 2024

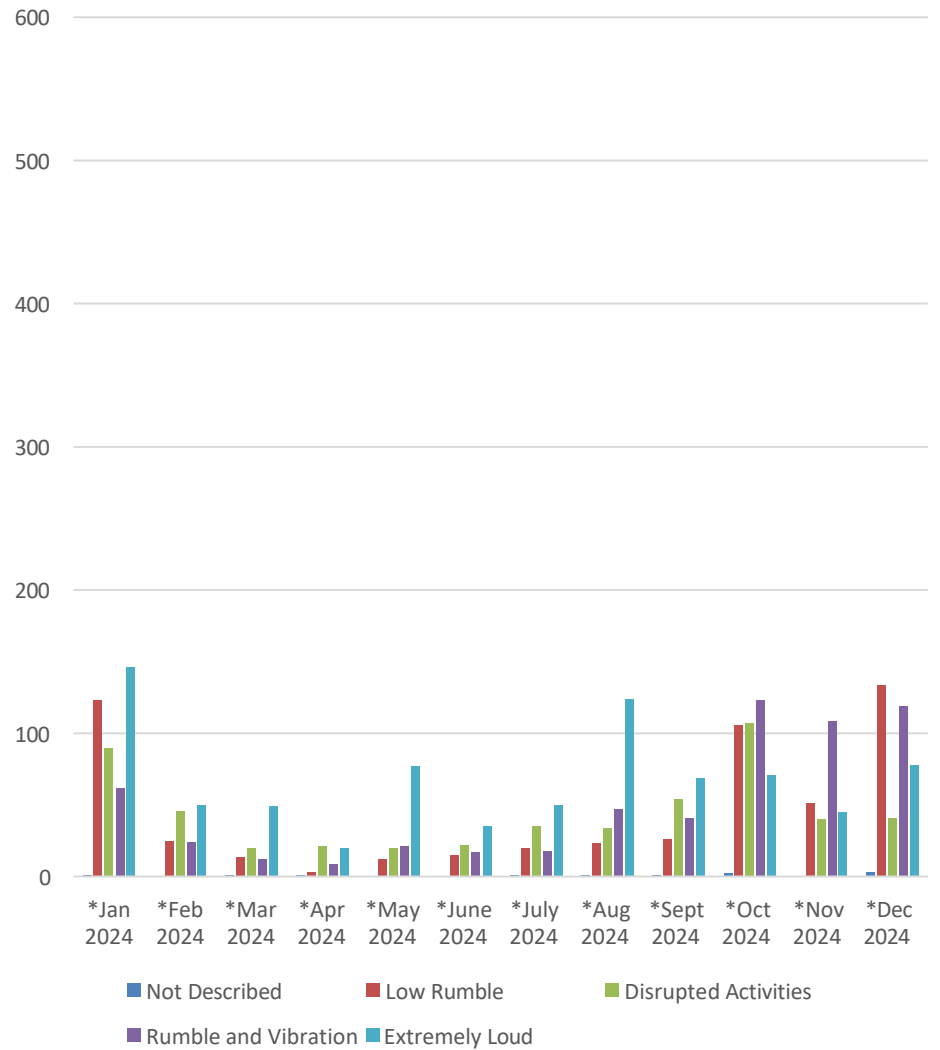

Note the variation in noise experienced through the year and by location. The Navy persists in using “annual noise averaging,” significantly underestimating the impact of jet noise. There is no "average" noise felt by residents in this region. The noise is variable and unpredictable.

Jet Noise Reports by Type of Noise Outside San Juan County 2024

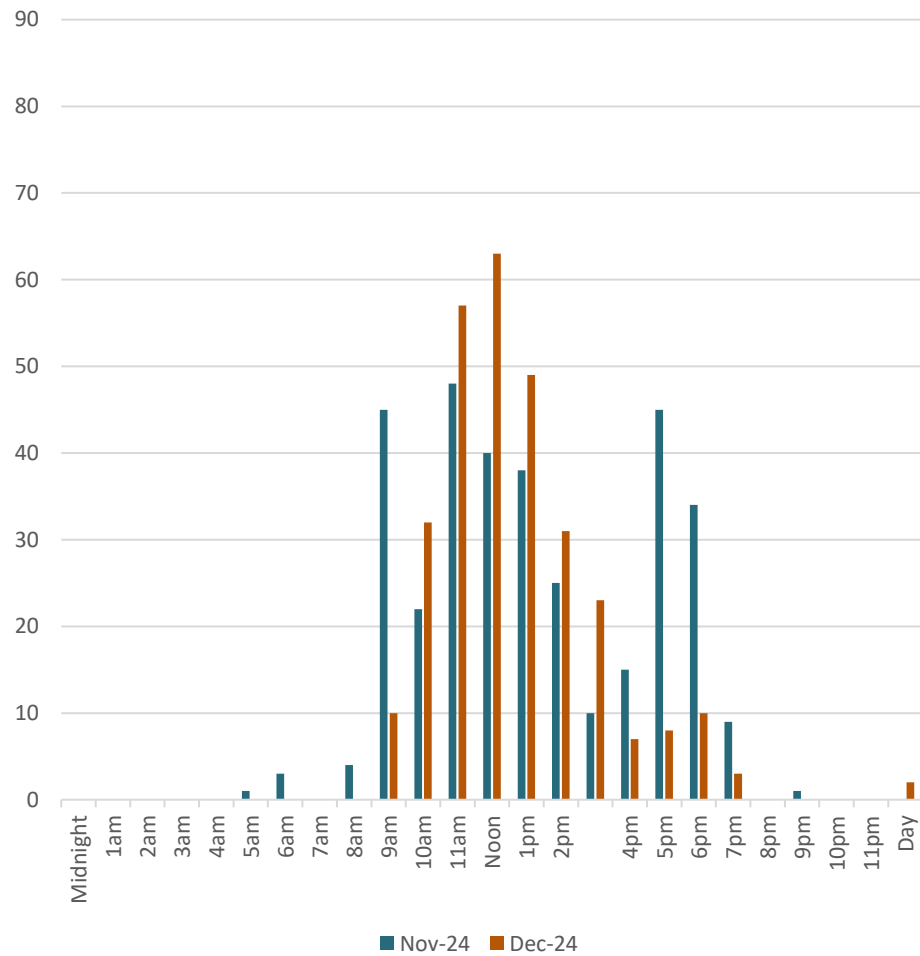

Jet Noise Reports by Type of Noise Inside San Juan County 2024

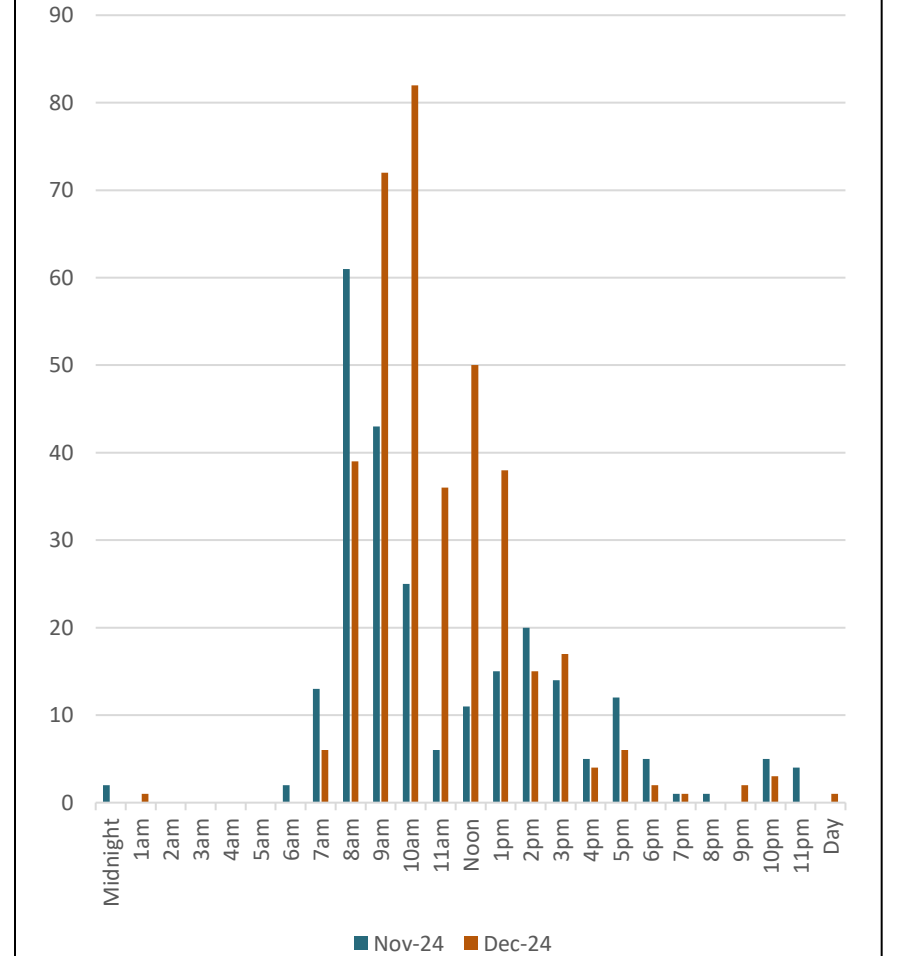

Note the variation in noise experienced through the year and by location. The Navy persists in using “annual noise averaging,” significantly underestimating the impact of jet noise. There is no "average" noise felt by residents in this region. The noise is variable and unpredictable.

**Jet Noise Reports
By Time of Day
Outside of San Juan County
November-December 2024**

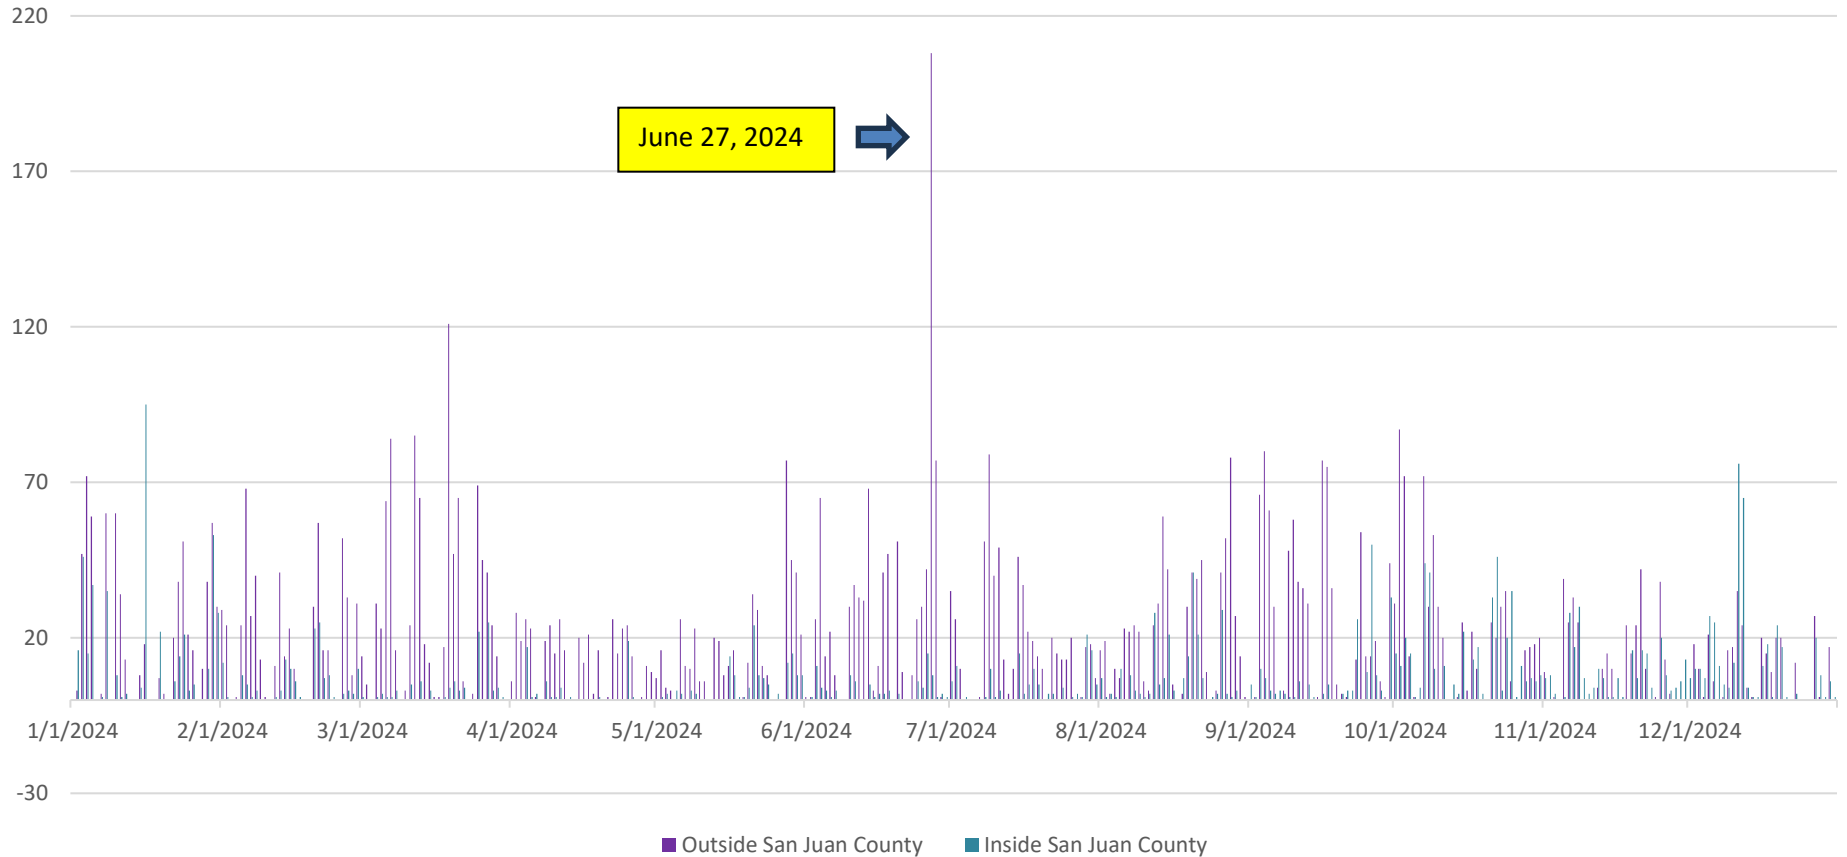

**Jet Noise Reports
By Time of Day
Inside San Juan County
November-December 2024**

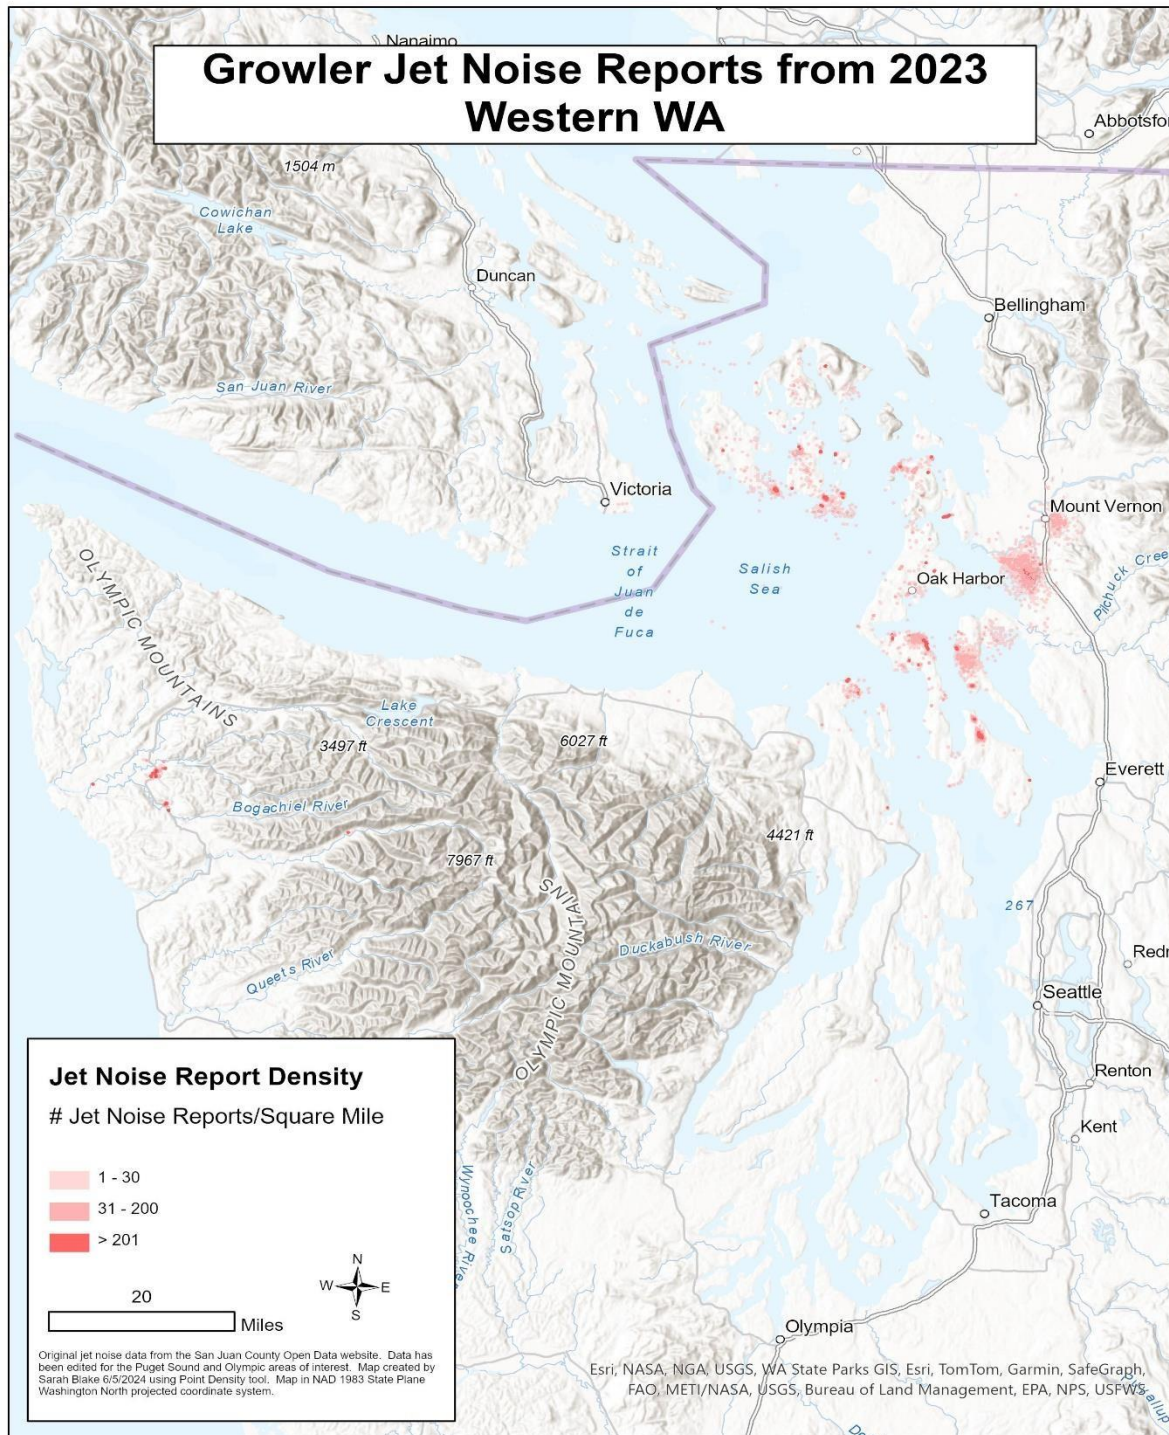

Note the variation in noise experienced by location and time of day. The Navy persists in using "annual noise averaging," significantly underestimating the impact of jet noise. There is no "average" noise felt by residents in this region. The noise is variable and unpredictable.

Jet Noise Reports By Day, By Location 2024

What on earth happened on June 27? Does this look like ‘average noise’? Among the many comments: “Going on hour 3 of multiple jets circling one after another, full afterburners screaming, a few hundred feet over Whidbey Island communities.” “Trying to watch the presidential debate I have to turn my TV up to over 50 volume then it’s still hard it’s gonna blow out my TV speakers” “Additional flights came in at 11:30, 11:32, 11:42, and 11:53. All flights very loud very low and very late at night. Our entire residence shook and the children and adults were awakened by the jet noise.” “Jets flew lower than normal directly over historic downtown Coupeville with multiple passes. Noise level was frighteningly high - much louder than normal.” “It is so loud tonight. I can feel it. There is no escape in the entire house and we live on Camano. I can’t imagine what it is like over there.” “It’s 10pm and it still sounds like a war zone in Mt. Vernon.”

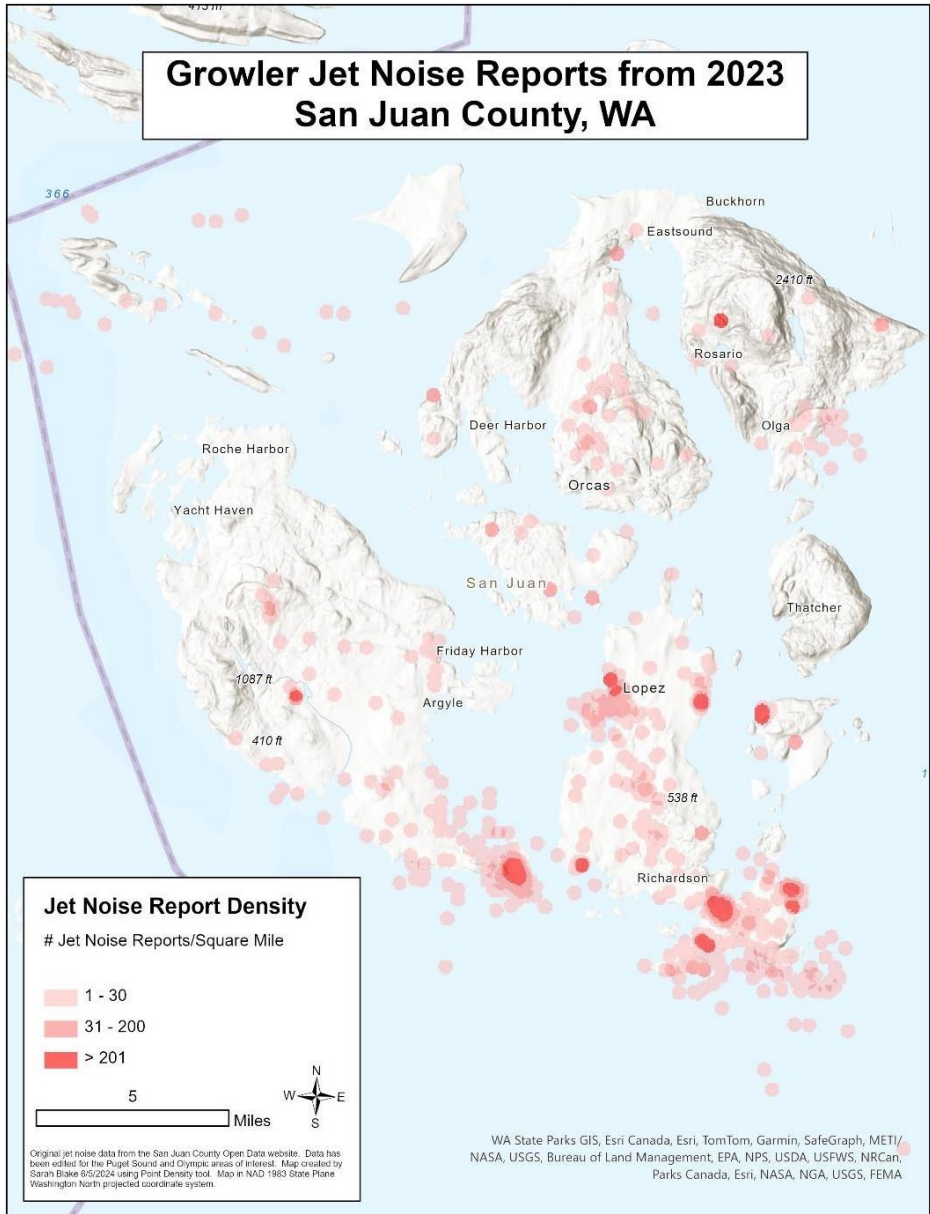

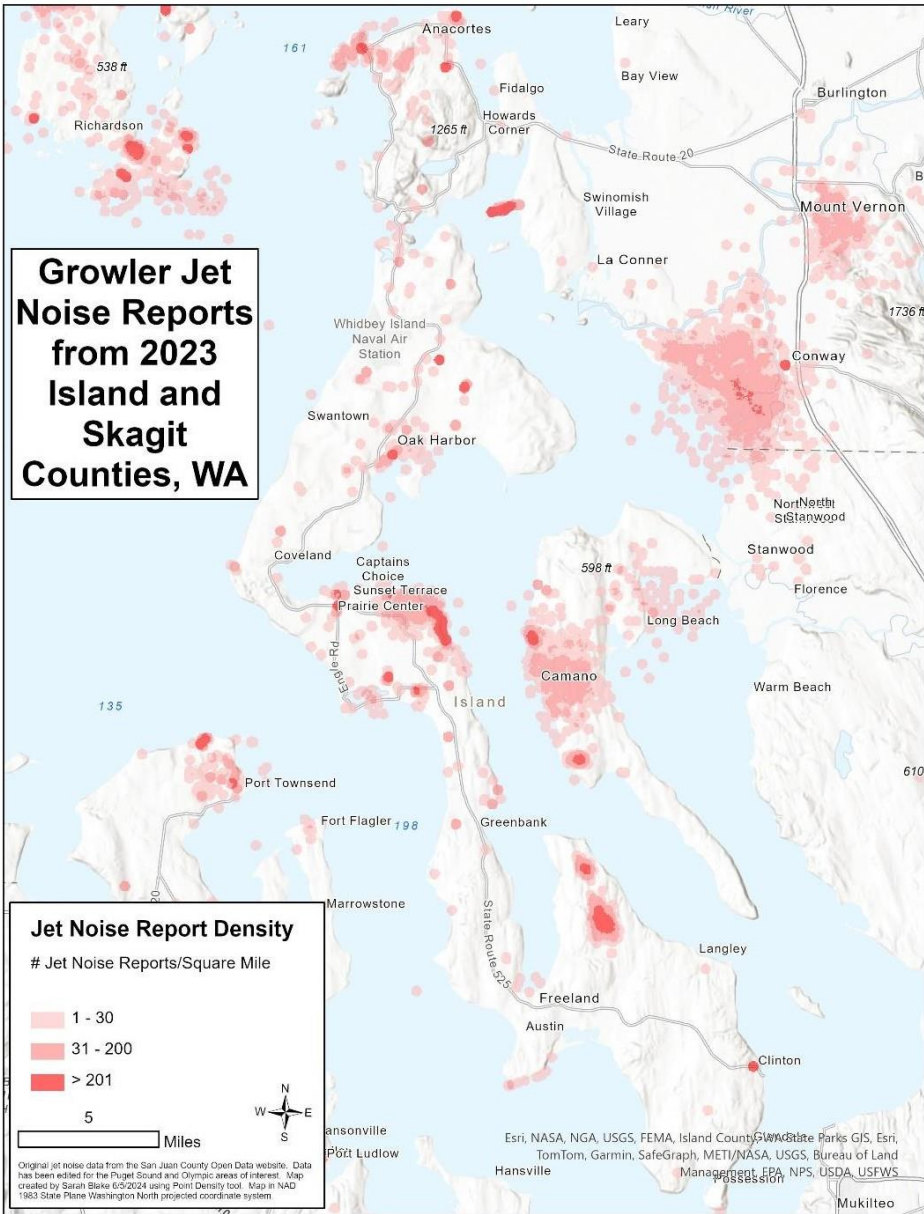

Compiled annually and referred to as a “density map”, this picture, using 14,454 noise reports submitted by users in 2023, offers a view of noise reports in the region.

Impact hits **San Juan, Island, Skagit, Clallam and Jefferson** counties.

Of particular note is the reach of Growler Jet noise to the Olympic Peninsula, particularly the Olympic National Park/Forks area.

On the next page, parts of the map are enlarged for a view of San Juan County and Island County. These maps are reduced to fit the page.

A map for 2024 is being formulated.

Comments Submitted with November and December 2024 Reports

NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB. How would you like to have that running inside your home? Noise over 70 dB for a prolonged period of time is harmful to your ears and can cause permanent hearing damage. Noise over 120 dB can cause immediate harm to your ears.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted/modified, as are expletives.

I can feel my house and my body vibrating with the deep explosion sounds of growler operations in Oak Harbor. Here in Anacortes near ferry terminal. Sounds and feels like thunderous earthquakes - horrid sensation.

They are flying tight angry afterburner circles at Ault Field and the south side of my home and my body are shuddering with the deep low frequency waves of thunder. So deep and so disquieting. Not good for health. Anacortes, Friday near ferry.

NASWI continues to assault the environment under the pretext that the EA18G Growler Jets are protecting us. This toxic consciousness of theirs pervades the Salish Sea Puget Sound region. NASWI is the worst environment steward for they do not care!

Low flying growler aircraft disrupting my afternoon

Clouds still don't block sound boys.

measured 89db

recorded 92db

Low flying military aircraft disrupting my evening

An extremely loud jet just flew way too low over Mt. Vernon, heading South East.

Too loud. NASWI needs to have its toxic consciousness reviewed by higher authorities and end its jet noise and other toxins by relocating somewhere other than the Salish Sea Puget Sound region. NASWI is the worst environmental and ecological steward!

I was sweeping the deck from the recent storm's fallen needles and pine cones when I was exposed to horrendous Growler jet noise. I had to quickly go inside to protect my hearing. NASWI knows nothing about protecting the citizens who live near OLF.

91db

Once again NASWI engages in a toxic consciousness that allows it not to protect us and destroy the pastoral environment near OLF Coupeville.

Growler's making A hell of a lot of noise

Multiple Growlers circling over practice area all evening long. Very, Very disturbing.

Horrible roaring and vibration that causes a deep sense of dread. This is HORRIBLE noise

/Engine run up heard 12 miles away

Ault engine noise

"Ault Field is celebrating T* election with a lot of Growler engine noise

I have to push the 'submit' button literally as well as figuratively "

Direct flyover

Flyover growler

"Rumbled whole house

Growler engine vibrations"

Rattles the house growler

Growler party today. Immense number of vibration/noise incidents

Too loud! NASWI is no respecter of living beings with their spectrum of toxins of which jet noise is the most obvious.

Shaking house (Ault)

Shaking the house from Ault or flyovers

House vibrating Ault

Again, NASWI'S Growler jets are wreaking the place where I live with outrageous noise! NASWI get a moral compass and relocate the Growler jets!

Eagle Cove

Eagle Cove

Super loud over town of Coupeville

Two hours and continuing

Growlers circling doing landing practice all afternoon and into the evening. Loud and disturbing.

Ongoing for hours, the sound of a storm.

Roaring from growlers that is very painful to my eardrums

LOUD LOW RUMBLING disturbing us on our nature walk.

Several low load runs Southern Lopez

GF&^F growler at full power. SH!T.

Been going on for a while now.

Multiple times today. Ruining my gardening experience.

The noise is lasting long, long time

82db

Continuous jet noise interrupting dinner time.

Growlers making life impossible

Continued fly-overs today.

Jets have been overhead in Coupeville every hour or two all day long, ridiculous levels of harmful and disruptive noise.

Is growlers flying noisily

one growler, extremely loud, another jet flying overhead, rattling the windows, painful to the ears, very unsettling

This has been going on for two days and is unsettling

The noise is continuous. It is at the naval base and the sound travels straight across to the south end of the San Juan Islands

O*** YET ANOTHER DAY THIS WEEK WHEN WE ARE EXPOSED TO THE EARSPLITTING NOISE FROM THESE NAVY A*****S PLAYING WITH THEIR WAR TOYS. WHEN WILL THESE A*****S STOP A*****ING? SO READY FOR THE DRONES TO DO THIS JOB BETTER, FASTER, QUIETER. F*** THE NAVY.

HOLY F*ING S***. SO SICK OF THIS NONSTOP BULLS*** NOISE FROM THESE NAVY A*****S. I AM TRYING TO ACTUALLY WORK ON THE COMPUTER BUT THESE A*****S KEEP PLAYING WITH THEIR WAR TOYS AND IT IS MAJORLY DISRUPTIVE. JUST A WALL OF EARSPLITTING NOISE.**

Extremely loud Navy jet just flew over the South side of Mt. Vernon, heading West. Pets were panicking and running into closets.

CONSTANT FLYOVERS AND EARSPLITTING NOISE. I HATE THESE FLYING A***S AND THEIR NONSTOP NOISE EVERY DAY.**

Continuous roar and circling this morning. And dumping of jet fuel. Smell is very strong.

F* you maga warmongers**

Middle finger emoji

This has been going on for 4 days. Sometimes morning, sometimes afternoon. It is disturbing to our animals. We can't watch TV and we have to put ear plugs in.

Jets flying all day, starting at 815 am. Very loud. Seems to be consistent for the past month Monday - Friday.

Can't rest and I'm in the hospital!!

TOO LOUD

Roaring low over south Lopez

Continued background rumbling all morning. With closed windows not too disruptive, but still disconcerting.

The Navy has been harassing the Mt. Vernon and surrounding areas for most of the day. Just had another irritatingly loud flyover.

Continued rumbling all day long today and yesterday afternoon.

I think this was at 7:24 am, though it might have been at 7:34 am.

Time may be off by a minute or two.

They started at 10:55 and then 2 more flew over at 11:17 and 11:19. All Growlers and all really loud."

Navy's been out harassing Mt. Vernon this morning. Multiple flights.

Multiple, extremely loud low flying growler aircraft disrupting my afternoon

Loud low flying growler aircraft

Cape St Mary, SE end of Lopez Island, WA

Low flying growler aircraft disrupting my afternoon

Fly over twice so far. What is going on!!!! It's loud!

Eagle cove

Too loud! It is not in keeping with protecting us but exposing the OLF area to a spectrum of toxins, including lack of consciousness about the destruction of the environment, jet noise, black particulates & jet fuel mists, CO2 emissions, and PFAS.

Growlers landing practice is VERY loud this morning. Hard to work!

EXTREMELY LOUD low flying growler aircraft with GEAR DOWN

F* the Navy. F*** them right to the bottom of the ocean.**

Too loud! It is not in keeping with protecting us but exposing the OLF area to a spectrum of toxins, including lack of consciousness about the destruction of the environment, jet noise, black particulates & jet fuel mists, CO2 emissions, and PFAS.

Stupid! It is not in keeping with protecting us but exposing the OLF area to a spectrum of toxins, including lack of consciousness about the destruction of the environment, jet noise, black particulates & jet fuel mists, CO2 emissions, and PFAS.

Multiple Growlers have been circling for hours performing landing practice. Very disruptive

SORRY. I CAN'T HEAR YOU. THERE ARE JETS FLYING OVER MY HOUSE. HOLD ON. THEY'LL BE GONE IN FIVE TO TEN MINUTES ...

The last two weeks have been very unpleasant. Growlers are ridiculously loud

How do you inconsiderate A***s always seem to know when the noise from your jets will be the most inconvenient and impactful? What's that? You DON'T know and you're just ALWAYS making noise? Ok, that tracks.**

Multiple Growlers low overflights

Very disruptive and I can't hear either my family or the TV. Cats are very frightened!

Growler jets flying prior to 5:15. Now it is 6:40. Cannot hear TV audio. Nothing here near OLF is protected from jet noise and the toxic consciousness of their that legitimizes death and destruction. NASWI fly elsewhere!

Multiple Growlers looping. Constant jet roar. No break in noise

Sounds like the Navy scum have their pilots out torturing people again. No idea which direction it's coming from. The whole sky over Mt. Vernon sounds like being stuck in a tunnel with a million ShopVacs. Except this sucks even more.

Man you Navy b*** suck. Not sure what you're doing out there (can't even see the lights on your jets), but you're making the Mt. Vernon area sound like someone's hosting an enormous monster truck rally in right above our houses.**

I was meditating and the high-above jet noise is disrupting my meditation. One must achieve an inner quietness of soul to meditate and this noise is destructive of higher states of meditative consciousness.

Multiple Growlers overflying and circling creating horrible pulses of noise.

RIGHT OVERHEAD!! GAAAAAHHHHH!!

The Jets in repeated cycles disturbs one's inner being with noise which is deafening to be exposed to. NASWI is completely satisfied with its death and destruction near OLF, the environment, and the spectrum of toxins that every being is exposed to.

get F*ed**

Despite the wind and my heater, the house rumbles. Sigh.

Unable to hear tv during primetime

The second Growler just flew over. I'd think with this bad weather predicted they'd stay on the ground.

The noises lasted for 15 minutes

"Low flying extremely loud growler aircraft.

I've been documenting growlers noise and activity for many years but I'm thinking it doesn't really matter anymore since I haven't seen any improvements during this time. "

Please leave our Island alone!! You are using us as a "gameboard" in your Wargames and we NEVER agreed to be part of it at all!! You are repeatedly exposing us to extremely loud noise which is damaging our hearing!! Leave Lopez Island airspace alone!

Multiple low flying growler aircraft

Multiple low flying growler aircraft

Dinner time now and jet noise makes one want to puke. The Growlers need to fly elsewhere. They need to get their garbage out of OLF and the Salish Sea Puget Sound region.

NASWI, STOP DESTROYING THE ENVIRONMENT AT AND NEAR OLF COUPVILLE. WAKE UP! STOP CRAPPING ON ALL LIVING BEINGS.

Eagle Cove

Eagle Cove

Eagle Cove

Eagle Cove

My Anacortes home is being intermittently shaken by the deepest rumbling sounds like distant explosions or an earthquake. It is so very disquieting. I can feel it in my feet where they touch the floor. Awful. Near the ferry terminal

It is just a night so far of intermittent otherworldly roaring and some deep shaking of my house. It's creepy as all get out- how is this ok over civilian areas? Anacortes near the ferry terminal.

Awful shaking roaring , ruining the peace of a Thursday morning. Sounds like explosions. This is nothing like the sounds of commercial aviation, even near a busy airport. Nothing. It's not comparable. Anacortes near the ferry terminal.

A second one, right behind the first jerk.

Roaring from growlers. Unsettling and very unpleasant.

Just got back from a short vacation and the first thing I hear is the US Navy terrorizing Mt. Vernon like the pack of cowards they are.

So loud I had to cover my ears

SE end of Lopez Island, WA

You incompetent bags of S*** really suck. I haven't been back in Mt. Vernon for more than 10 minutes and there have already been four excessively loud jets flying right over my area. If you had any brains or hearts, you'd move to the desert.

Here goes another flyover of Mt. Vernon. I think that's 6 jets in 30 minutes. The base commanders should be court martialed for their incompetence, deception, and for willfully terrorizing the citizenry.

McKaye Harbor, SW end of Lopez Island, WA.

Several low roaring runs over south Lopez. Can't have a conversation

Now that we've voted to hand the country over to a Russian stooge, can we give up the pretense that the Navy's cruel torture of the PNW is important for national security? Should dismantle the jets before they get gifted to Putin.

Heading due north at Perry and Pavey Roads, Lopez Island, WA.

Thanks for disrupting dinnertime. Great neighbors you are.

So loud!!! We just got over a horrible wind storm! Now this!

Thunderously loud flight overhead, can't hear anything inside the house, this is madness to fly these over people you aren't attacking.

Loud, disruptive jet noise all morning.

Screaming low over south Lopez

Eat S*** you insufferable a**bags!

can't hear anything going on inside the house, disruptively loud flights

Jets roaring overhead. Horrible noise!

The growlers are flying close to the ground in poor visibility. Is this safe? I'm trying to raise my family here and I think it is reckless to be conducting military training over my community. What if there is a failure over our school? Please stop.

Very LOUD JET FLYING LOW over North Lopez Island

Low flying extremely loud growler aircraft disrupting my morning

Measured 87db

Should be a peaceful Monday mid-day, but it is not. Every few minutes tearing screaming navy warplanes are ripping by to land and take off again at Ault field. Heard from Anacortes near the ferry terminal.

Constant noise for the last hour. Home is shaking because the jets are so low

why do you attack your own people that you are sworn to protect with the acoustic assault of these planes, please stop the madness

Direct fly over. Not even close to the base. They destroy nature

NON F*ING STOP NOISE FOR AT LEAST 15 MINUTES, ONE RIGHT AFTER ANOTHER ROARING OVERHEAD. I AM BOYCOTTING VETERAN'S DAY BECAUSE I HATE THESE FLYING A*****S SO MUCH.**

STILL NONSTOP EARSLPITTING NOISE. ONE FLIGHT AFTER ANOTHER.

Why are they flying directly over Lopez Island?

I hate the Navy so much.

Taking a trip to a more civilized country (there are hundreds of them). It'll be nice to get away from the US Navy's terrorist arm for a few days.

Directly overhead.

Frightening to see warplanes over tranquil Lopez Island

It's ridiculous and disruptive for a military 737 flying over 1-2 thousand feet above your house.

Extremely loud and disruptive growler aircraft

Looks like we are in for a long night

Just walked back to my (south facing) bedroom to get something, thinking about how nice it will be to go to bed- and it sounds like an explosion rumbling shaking and vibrating the room. Growlers on Whidbey. Horrible. Anacortes near the ferry.

Do the pilots need a GPS? Right over Lopez Island

War jets out and around this evening, spoiling peace and hopes of early rest. Episodic piercing screams and lots of low, shaking rumbles, sounding like distant avalanches. 7:30 pm Anacortes, near the ferry terminal. Very disquieting.

Right overhead

Screaming ripping metallic roaring, goes on and on. Has no business over the heads of civilians. Anacortes. Monday evening.

Loud enough to drown out tv inside, to halt conversation, loud enough one cannot think straight. Through the roof and the walls. Evening, Anacortes. How is this allowed?

"GEEZ THATS LOUD!!!

Growlers overhead"

It's a lovely morning in Mt. Vernon with constant jet noise. May as well live in Burien.

Navy's been harassing Mt. Vernon for most of the day. None of the flights have been ear eardrum-shattering loud, but it's been frequent. My blood pressure is certainly elevated.

Rocking the house on south Lopez

How about 10 times they flew by. Can't just play tops game of wacky a mole

Hooked out to Shark reef for some of that Lopez Island peace and quiet. Keys flying by kind of ruins everything

Time may be off by a minute or so.

91db max. Over 85db for 15+ seconds

89db.

One just came by at about the same altitude visually but 62db. What's with the difference?

Now there's been a dozen planes taking the same path over my house at a reasonable ~70db so are some pilots purposefully blasting us? Like this one who hit 88db?

89db.

Much of the day there has been loud and disruptive noise from Growlers. I'm in chemo, so the Growler noise is a constant irritant. I get short-term relief from noise-cancelling headphones. It's worse with the number of Growlers having increased.

"Sounds like a war zone!!

Extremely loud, low flying growler aircraft with gear down over my house making life miserable "

This is ridiculous!

The house is shaking from the effects of the growlers. The noise is horrible and deeply disturbing. STOP ALLOWING THIS DREADFUL NOISE POLLUTION

Multiple low flying growler aircraft disrupting my afternoon

Extremely low flying growler aircraft disrupting our afternoon

Low flying military prop plane.

Multiple, Extremely loud, low flying growler aircraft with gear down. Growler flyovers are much louder with gear down, which I understood from Congressman Larson and the base commander was not allowed over the San Juan Islands.

Roaring roaring roaring. Hideous noise, deeply unsettling.

Multiple low flying growler aircraft disrupting our lives

Multiple low flying growler aircraft disrupting my afternoon with extremely loud noise

Low flying growler aircraft

For the past 3 days the jet noise has increased in volume and frequency. Yesterday they flew very low over this part of the island, all day long. They are way out of their flight patterns. The rumble makes my stomach hurt.

Rolling blasts of sound. Shaking house

NAS growler takeoffs disrupting my morning

This has been going off and on all morning since about 10 o'clock

Been VERY loud most of the day. very distracting inside and outside the house. Making me forget sometimes what I was doing LOL

Extremely loud jet noise has been overhead all day. It is causing ear pain, headache, and has disrupted work calls several times as the jets continue to roar overhead again and again. It's insane that this community thinks this is normal.

Chat noise has been happening all day long

F*** YOU ALL and your MILITARY BRAINWASH. This town does not feel safe or supportive to receive ANY constructive feedback or discussion around the impact that the military has on our community. Train in areas with lower population density ffs. Gtfo.

Non stop roar and vibration today

Jet was So loud it sounded like it was going to crash into the house.

Eagle Cove

Eagle Cove

Terrible. Constant.

"extremely loud disruptive flights overhead, if you're going to do this you should pay for everyone to have noise abatement done, triple paned windows, sound insulation....

The insufferable, incompetent, selfish Navy is out torturing Mt. Vernon this morning. Quite a few flights so far today but the one just now was obnoxiously loud and shouldn't occur in a populated area.

No joke, I have dreams about the Navy base shutting down. They're very happy dreams. Better than the nightmare the Navy is subjecting Mt. Vernon to right now.

I hope you scum bags lose your lawsuit and have to move. You deserve it for being deceitful and duplicitous. You are a shame and a stain on our military.

Eagle Cove

Eagle Cove

Eagle Cove

Eagle Cove

Eagle Cove

Loud GROWLER overhead!

ALL F*ING DAY THESE F***ING A*****S HAVE BEEN ROARING OVERHEAD AND MESSING WITH THE WIFI. THE NAVY BELONGS TO A COMMUNITY - ACT LIKE IT!! INSTEAD OF FORCING YOURSELF ON PEOPLE WHO HATEEE YOU. THE NAVY IS JUST BULLIES AND LIARS AND LOSERS.**

Very, very low flying military 737 or similar aircraft over my house

87db

deafeningly loud flight overhead, disrupting work inside

Navy jets out making the entire valley sound like we live next to a high speed freeway. This would be a beautiful place to live if our military weren't both incompetent and addicted to destroying things

Extremely unpleasant noise of Navy jets again. Too bad the Navy is incompetent and inconsiderate or they've be able to figure out a more appropriate place to fly.

Navy is out there making it sound like my home was built in the middle of a gravel quarry. There's a huge rumbling growl coming from every direction, like a million dump trucks driving in circles around you. Take your blood pressure meds!

The ludicrously incompetent Navy has been out there terrorizing the Skagit Valley for most of the day. Every time I take my earplugs out, it sounds like I'm back at a monster truck rally.

Shock burst of Glower jet noise

Loud rumble. Eagle Cove.

South Lopez. Dec 11. 8:55am. Is this the start of a noisy day? Huge rumbling and vibration from NASWI. Disturbing. The house vibrates.

Eagle Cove

Loud rumble. Eagle Cove.

Eagle Cove

South Lopez. Dec 11. 9:48am Huge rumbling and vibration from NASWI. I have not been able to record EACH noise incident. Just to say that inside and outside of the house the jet noise is ROARING.

Southend Lopez. Dec 11. 9:50am The NOISE and VIBRATION of jets at NASWI is almost continuous.

Southend Lopez. Dec 11. 9:19am. AGAIN. Huge rumbling and vibration from NASWI. I feel the vibrations in the floor.

South Lopez. Dec 11. 9:13am. Another huge rumbling and vibration from NASWI. Disturbing. The house vibrates.

Some of the loudest planes we've been exposed to in a while. Can hear over my hairdryer AND a wall heater. Very bad

Dangerous day to be outside in Mt. Vernon. The jets keep flying over way too loudly and way too low. If the Navy had a conscience (or accountability), this wouldn't be allowed.

It's terrifying how quickly things can go from "only the songbirds" quiet to "I think my ears are bleeding!" loud thanks to how fast these jets move. If you're outside and can't drop everything to plug your ears, expect instant headache.

Rolling sound shocks all morning. Interrupted a community meeting. Shook building structures. Rattled dishes in cabinets. Like an earthquake.

Eagle Cove

Eagle Cove

Eagle Cove

Eagle Cove

Eagle Cove

Eagle Cove

Eagle Cove

Relentless noise this morning, one after another. Each time it interrupts my work and concentration.

RUMBLE RUMBLE!

South Lopez. Dec 11. 10:09am. The jet noise and rumbling from NASWI is egregious. SO LOUD and continuous.

Southend Lopez. Dec 11. 10:20am. Continuing huge rumbling and vibration from NASWI.

WAY TO LOUD ABD OVER THE HOSPITAL? Really

"Can't hear conference calls

disturbing work"

Exceedingly loud Growlers conducting landings

Eagle Cove

Roaring jets all morning. DREADFUL noise

Lopez Village. Dec 11. 11:05am. I thought an escape to the Village from the Southend would mean no jet noise. WRONG!!! Loud jet noise in the skies.

Unusual for the Navy to be worse on a Wednesday than they were on a Tuesday, but today you have it. Going through life with earplugs sucks every day.

All morning loud deep rumbling and vibration. This has been going on for hours!

Eagle Cove

Eagle Cove

Loud Low Rumble. Eagle Cove

EagleCove

The whole house is shaking due to the growlers. The noise is unsettling and dreadful

Dec 11, South Lopez. 12:30pm. THE JET NOISE CONTINUES FROM NASWI. I will report as much as I can stand. It seems we are facing continuous vibrating roaring noise today.

Dec 11, South Lopez. 12:29pm. THE JET NOISE CONTINUES FROM NASWI. This is a terrible day. Noise seems constant.

Dec 11, South Lopez. 12:37pm. THE JET NOISE CONTINUES FROM NASWI. The skies are roaring.

Dec 11, South Lopez. 12:42pm. THE JET NOISE CONTINUES FROM NASWI. LOUD ROARING.

Dec 11, South Lopez. 12:52pm. ONGOING!!! THE JET NOISE CONTINUES FROM NASWI. This is a terrible day. Noise seems constant.

Insanely loud noise over Coupeville during peak work hours on a Tuesday. This garbage needs to stop.

NASWI with its spectrum of toxins has once again profoundly demonstrated that they are the worst environmental steward!

I can't even let my dog out. It hurts his ears. If it hurts mine I'm sure it hurts the animals more.

Eagle Cove

Eagle Coce

Eagle Cove

Almost constant noise today!

RUMBKE after RUMBLE after RUMBLE today!

Dec 11, South Lopez. 1:51pm. THE JET NOISE CONTINUES FROM NASWI.

Dec 11, South Lopez. 1:31pm. LOUD jet roaring from NASWI. Rep Larsen promised efforts at noise mitigation. And there is NOTHING, just continuous abuse from the Navy.

Southend Lopez. Dec 11, 1:27pm. THE JET NOISE CONTINUES FROM NASWI. Inside and outside.

Dec 11, South Lopez. 1:50pm. THE JET NOISE CONTINUES FROM NASWI. Rumbling throughout the skies.

Dec 11, South Lopez. 1:25pm. LOUD LOUD LOUD Roaring jet noise from Whidbey.

The jet noise has been disruptive all day long. Plus, you can smell fuel in the air. The system only allows me to report one at a time, but take note there has been over two dozen disruptive jet noise coming from these jets.

Eagle Cove

Eagle Cove

Yes, it's STILL booming through (last two reports). You have no idea how long one jets can blast away with it's exhaust pointing in your direction, disrupting the natural silence of rural (and the Hoh Rain Forest!) peace.

Eagle Cove

Eagle Cove

AND these F***ing duplicitous A*****s don't publish a flight schedule for this week because they know it's BULLS*** TO FLY EVERY F***ING DAY ALL F***ING DAY AND THEY DON'T WANT TO TAKE RESPONSIBILITY FOR BEING SUCH GAPING A*****S. F*** THE NAVY.

Eagle Cove

F*** the Navy. Please accidentally destroy your base. Thank you.

Loud. Eagle Cove

Dec 11, South Lopez. 2:05pm. More loud jet roaring from NASWI

Southend Lopez. Dec 11. 10:16am Huge rumbling and vibration from NASWI. This is a terrible headachey morning.

The incompetent lying Navy have started their terrorism runs over Mt. Vernon. Going to be another day of hell.

Blast after blast all morning

9:40am. Dec 12. South Lopez. ANOTHER HUGE JET ROARING VIBRATING AIR from NASWI.

9:11am. Dec 12. S Lopez. Huge Rumbling and Vibrating jet roar. The vibrations just rattle me. The house shivers. Is this the start of ANOTHER BAD DAY?

Another day, starting of endless jet noise. Starting now and through the day like yesterday.

Eagle Cove 🇺🇸

Dreadful roaring

Multiple growler aircraft taking off from Whidbey NAS, with extremely loud noise and house vibrations and rattling.

10:00am. Dec 12. South Lopez. AGAIN. ANOTHER HUGE JET ROARING VIBRATING AIR from NASWI.

10:22am. Dec 12. South Lopez. And it continues ANOTHER HUGE JET ROARING VIBRATING AIR from NASWI.

South Lopez. 10:39am, Dec 12. We are being bombarded. The rolling percussive roaring of jet activity from Whidbey. It is like a war zone here. Continuous deep thunder, on and on. This is a Navy that cares about its citizens? Duplicitous Navy.

10:44am. Dec 12. South Lopez. Just so you get a feel for this. I am reporting again another shock wave of jet noise slamming into our home and into our bodies. This is ABUSE! The Navy has no business placing these monsters in a populated area.

10:09am. Dec 12. South Lopez. One after the other. BOOM BOOM BOOM. BEING BLASTED BY ANOTHER HUGE JET ROARING VIBRATING AIR from NASWI.

Southend Lopez. Dec 12. 10:42am. I have just submitted one noise report, and the noise is continuous now. We may as well have a coal train running around our home, that is how disturbing this rumbling is. Just got another blast!

10:30am. Dec 12. South Lopez. With all the explosive blasting vibrating jet roaring from Whidbey, the skies are just filled with jet noise. It is everywhere. Is this the way populated areas are treated?

10:31am. Dec 12. South Lopez. ANOTHER HUGE JET ROARING VIBRATING AIR from NASWI.

10:58am. Dec 12. South Lopez. ANOTHER BOMBING RAID FROM NASWI. A BIG BLAST OF JET NOISE.

10:13am. Dec 12. South Lopez. This is incessant. ANOTHER HUGE JET ROARING VIBRATING AIR from NASWI.

10:20am. Dec 12. South Lopez. Persistent and almost continuous explosive, vibrating, rumbling, jet noise from NASWI.

10:17am. Dec 12. South Lopez. Engine run-ups? Takeoffs? One after another after another after another. Continuous bombing of jet roars.

10:08am. Dec 12. South Lopez. ANOTHER HUGE JET ROARING VIBRATING AIR from NASWI. Turning into a painful morning. Feeling blasted.

11:27am. Dec 12. South Lopez. More rumbling and vibration from Whidbey

10:43am. South Lopez. One jet engine roar after another. Loud and disruptive. And...here is ANOTHER ONE.

Dec 12. Lopez, Southend. 10:32am. Great Rumbling Roars.. jet engines roaring. It has been going on all morning. Shaking the house.

10:41am, December 12. South end Lopez. We are being slammed by rolling waves of jet noise. Deep, throbbing, painful. The air is vibrating. I feel it in the floor. Has war broken out on Whidbey? Sounds like it.

Blasting jet fuel into atmosphere all day

Terrible, constant, all week long. Why.

11:29am. Dec 12. South Lopez. More noise from Whidbey. Vibrating the air. Rumbling. LOUD.

Constant roar and vibration this morning, it's like torture.

Lopez Village. Noon, Dec 12. Left our southend home hoping to leave the jet noise. Doing errands in the Village and the jet noise is echoing around the skies in the Village. Cannot escape it.

Lopez Village. Dec 12 12:48pm. There has been a lot of jet noise in the skies. Deep roaring, like prolonged explosions.

12:30pm, dec 12. Lopez Village. Booming jet noise. Skies are noisy.

All day long they've been rumbling all day long. It is so disturbing. It is never ending stop.

Eagle Cove

Navy slimebags have been torturing the whole area all day. Why do we give our military impunity to harm us and lie about their justifications? Anyone else doing this would be in jail.

2:36pm. Dec 12. South Lopez. The jet noise continues. Annoyed. Headachey.

We're not a town of Forks, we're a war zone for the Navy.

My dog is going insane. We are being completely screwed over by our government.

Dec 12, 3:59pm. ANOTHER BLASTING VIBRATING JET ROAR FROM WHIDBEY.

South Lopez. Dec 12. The roaring continues from NASWI. Is it engine run-ups or take-offs, I don't know. I just know the air is filled with pulsing roaring noise.

3:44pm. Dec 12. South Lopez. The jet noise has been so disturbing. Headachey. Tried to sleep. Could not because of the NOISE. BIG BOOM NOW.

South end Lopez. Dec 12, 4:45pm. MORE JET NOISE. BIG VIBRATING ROAR.

"Astoundingly loud growler flyover south end lopez

Loud all afternoon, but this was huge sound"

5:42pm. South Lopez, Dec 12. SCREAMING GROWLER over us. Incredible noise and roar.

LOUD LOUD Growlers over South Lopez. December 12, 5:38pm

a very loud and very low flying plane directly over our house in the north beach area, near Fort Worden State Park.

10:02am. Dec 12. South Lopez. One after the other. ANOTHER HUGE JET ROARING VIBRATING AIR from NASWI.

All day roaring. The war machine is out of hand.

9:12am. Dec 13. South Lopez. ANOTHER DAY OF VIBRATIONS BLASTED INTO MY HOME FROM NASWI JETS!!!!!!!!!! Thunderous prolonged rumbling, sounds like and feels like a bomb dropped.

The Navy has been particularly awful this week. Constant flights/noise and many of them are extremely loud. The loudest of them cause me pain and vertigo, and the Navy REFUSES TO PUBLISH AN ACCURATE SCHEDULE, so I'm afraid to be outside.

Yet another unnecessarily loud flyover of the Mt. Vernon area. Navy leadership needs to be lined up for court martials over their flagrant abuse and mishandling of the impact studies.

The Navy sure is made up of a bunch of self-important scum who have invented their own identity as heroes. You don't get the inherit the status of hero just by being in the same club. Go to hell.

Growler roaring in the skies. The noise rolls around and goes on and on. South Lopez.

Rumbling jet noise in the skies. Thought it was a truck coming up the driveway so my work was disrupted. South end Lopez.

GROWLERS!! Flying now Saturday's too?

Extremely loud, multiple low flying growler aircraft flying over our house at a very low altitude.

Welcome to the blast zone....

VERY LOUD LOW GROWLER OVER MY HOME!!! Flying circles around the San Juans. Noise noise noise for many minutes!

Low flying growler aircraft disrupting my morning

Why do we bother with gorgeous parks if the Navy can destroy them with their jet noise?

There's another one. May as well have built my house on the Seatac tarmac.

The weekend is so pleasant around here, it's jarring when the Navy starts up their engines and gets back to tormenting the whole county. An distressingly loud jet just flew over the Mt. Vernon area. Off to another week of distress.

If the military is going to destroy the ability for people to live here, then they should have to pay for new homes and moving costs for everyone whose lives they've destroyed. F*** the navy

Multiple low flying growler aircraft

Very low growler aircraft disrupting our morning walk

Super loud.

Extremely loud flights overhead and over the sound for the last couple hours, it seems likely these might be an additional reason the southern orcas are struggling to survive with the noise.

84db inside

Our pathetically incompetent, non-hero Navy is out tormenting populated areas again. Near constant noise -- some of it painfully loud -- between 11am and 2pm in Mt. Vernon area.

How do you describe the noise a Growler makes - unnatural, loud - certainly not a GROWL. Completely ruined the afternoon.

Roaring low over south Lopez

Eagle Cove

Eagle Cove

Another park experience ruined

Try to concentrate while jets fly overhead

Low flying jets off course over Lopez again

So loud that my husband and I had to stop talking. Growlers.

Please stop this- and there have been so many more the last few weeks!!!!!!!

Worst I've ever heard it! Come on!

Almost got shaken off my ladder working outside. It is still loud. Every day for the last three weeks or more the growlers have been really disruptive. I don't think it is safe for the military to be training over our school.

"The past few weeks the noise has been unsettling

Vibration and shaking my insides

No peace and quiet "

Extremely loud aircraft

Eagle Cove

Eagle Cove

Eagle Cove

"Low flying growler aircraft disrupting my morning.

I'm getting to the point that my many years of reporting has done nothing to curb the impacts of growler noise near my house and over Lopez Island. "

Latest incident time above but all morning we have been hearing jet noise one after another. At least 15 times so far.

Trying to have a meeting and I can't hear anyone else talking. These jets are insanely loud. Get the f*** out!

Had head phones on and still the jet noise dominated

Shaking the house!

Extremely Loud growler two flying together.

Growlers above the clouds

Disrupted a conversation

Today the jets are flying around making that low growling hateful stressful sound that they're probably named after. Sure wish they'd make that sound in a more appropriate location for some of the loudest jets on Earth

I keep putting "Extremely Loud" in these reports but that's because it's _always_ "Extremely Loud", but there's a range. "Instant headache", "Falling over with vertigo", "My chest hurts", etc. They're all extremely loud.

All I want for Christmas is for the Navy to stop flying their terrormobiles around here!

2 Growlers flying LOW AND LOUD over LOPEZ VILLAGE and banking hard making LOUDER NOISE!

Eagle Cove

Eagle Cove

terrible

Those Growlers are really starting to get on my nerves. Especially the one the must have flown over our house. Loud enough to stop us from doing what we were doing.

Long low rumble. Eagle Cove

Eagle Cove

The Navy is being total A*****s this week! Every day, all day long. My ears are sore from wearing earplugs.

Eagle Cove

Eagle Cove

Eagle Cove

Coming out of Safeway in Anacortes and there is loud peace wrecking thunder overpowering all of the Christmas bells from Salvation Army-sounded like the world was ending to the south. Terrible sounds over civilians. Too loud for safety.

Eagle Cove

Eagle Cove

It's disappointing that Navy leadership is so pathetic, incompetent, and inconsiderate. I'm sure there are better options if we had better leaders.

Here comes yet another excessively loud Navy jet over Mt. Vernon. These last two weeks have been hell. The Navy sucks

Eagle cove

Eagle Cove

Eagle Cove

Eagle Cove

Eagle Cove

Horrible house shaking deep thunder- like giant explosions from the south- from Whidbey while I was trying to peacefully work in my yard. Impossible because of the threatening explosion sounds of Growlers. Anacortes near the ferry terminal.

Eagle Cove

Eagle Cove

Eagle Cove

Overhead. Yuck.

Holy hell, that last jet was ENORMOUSLY LOUD! I think my ears would be ringing right now if I'd been outside!

The US Navy is evil. The word "noise" doesn't capture what's going on here. This is weaponized sound. The Navy knows this and they know what they're doing to people and they do it anyway. The US Navy is evil.

The US Navy leadership is incompetent. If what they were doing was important enough, they wouldn't have had to lie so much in their impact study. And if they weren't lies, then they were misunderstandings that only stupid people would have.

87db

The US Navy commanders are cruel and callous. Even if this region is the only option for the type of training they're doing, they COULD still publish

accurate schedules and adjust behaviors to be better neighbors. They *choose* not to.

Don't you A*****s have anything better to do than terrorize the populace over the holidays? GTFO

88db

95db what use manned aircraft?

87db

Roaring low South Lopez

87db

Eagle Cove

Eagle Cove

Ugh. They arrive, blast us, go away for a few, then return, even louder. UGH!

Eagle Cove

Ugh. The Christmas week was so lovely and quiet, why ruin it by tormenting us with your flying torturemobiles? I think this is the 3rd or 4th extremely

loud flyover of Mt. Vernon so far today and I'm sure there will be a dozen more. Earplugs in.

Eagle Cove

Growling from Whidbey NAS disrupts our morning

Eagle Cove

Eagle Cove

Eagle Cove

Very loud. Eagle Cove

Very loud. Persistent and annoying.

Eagle Cove. Persistent.

Eagle Cove

Not interrupting activities exactly, but wow do some of these planes ROAR!!!

Unable to have a conversation outside. Extreme noise. Pets ran away in search of safety.

Eagle Cove

Eagle Cove

Eagle Cove

Third loud Growler over N Lopez today!

Extremely loud Multiple low flying growler aircraft with gear down disrupting my afternoon

It is now the Holy Nights. What is NASWI doing, it is destroying the 13 days of The Holy Nights. Anyone experiencing this where I live knows that NASWI

does NOT CARE! They have only aligned with destructive forces. Spirituality dies by the NASWI.

Multiple Growlers looping and overflying. Horrific noise.

Time may be off by a couple of minutes.

Eagle Cove
